Vietnam 101 Jerry C. Davis, 2021-03-29 College of the Ozarks, a small Work College nestled in the Ozark Mountains, has a patriotic goal and is taking a leadership role of filling in the gaps of American history by equipping future generations with the truth. Hopefully, this book will bridge the generation that fought the Vietnam War to the current generation, which has been taught little or nothing about the War and its meaning. As you will read, when students are taught the truth, they are willing to listen. In the case of the Vietnam War, there is no better way for today's generation of college students to understand this conflict than to travel to former battlefields with veterans who fought in these battles during their youth. Consequently, the country of Vietnam and the battle sites become a classroom, and seeing them with veterans provides a laboratory for observations like no other. It is a generational bridge, connecting youth of today with Vietnam Veterans. This book depicts a course with a field trip. That is why it was written in an unusual style, common to what you might expect in a first-year survey class.
