Jo Walton

The Tiger and the Wolf Adrian Tchaikovsky, 2016-02-11 The first in the Echoes of the Fall series, *The Tiger and the Wolf* is an epic fantasy novel by Adrian Tchaikovsky, winner of the Arthur C. Clarke Award and British Fantasy Award for Best Novel. 'One of the most interesting and accomplished writers in speculative fiction' – Christopher Paolini In the bleak northern crown of the world, war is coming . . . Maniye's father is the Wolf clan's chieftain, but she's an outcast. Her mother was queen of the Tiger and these tribes have been enemies for generations. Maniye also hides a deadly secret. All can shift into their clan's animal form, but Maniye can take on tiger and wolf shapes. She refuses to disown half her soul so escapes, rescuing a prisoner of the Wolf clan in the process. The killer Broken Axe is set on their trail to drag them back for retribution. The Wolf chieftain plots to rule the north, and controlling his daughter is crucial to his schemes. However, other tribes also prepare for strife. Strangers from the far south appear too, seeking allies in their own conflict. It's a season for omens as priests foresee danger and a darkness falling across the land. Some say a great war is coming, overshadowing even Wolf ambitions. A time of testing and broken laws is near – but what spark will set the world ablaze? Continue this sweeping coming-of-age fantasy with *The Bear and the Serpent*.

The Man on Horseback Pierre Drieu La Rochelle, 2021-03-15 The Man on Horseback is Pierre Drieu la Rochelle's powerful novel of a South American Caudillo who seizes control of the Bolivian government and dreams of reestablishing the glory of the Incan Empire. A tragic tale of a populist leader who seizes power from the corrupt establishment, but then must struggle to hold onto it as the old guard plot their revenge, and as the forces he unleashes begin to spiral out of his control. Told through the voice of a lowly guitar player who is witness to the great events, as well as a participant, The Man on Horseback is a study of realpolitik in action, full of intrigue and plots by Masons, the Church, and the old aristocracy, as well as a meditation on the relation between action and contemplation, between art and heroism.

The Man Who Fell to Earth Walter Tevis, 2014-09-29 The "beautiful" novel that inspired the Showtime series, from a Nebula Award finalist (The New York Times). The Man Who Fell to Earth tells the story of Thomas Jerome Newton, an alien disguised as a human who comes to Earth on a mission to save his people. Devastated by nuclear war, his home planet, Anthea, is no longer habitable. Newton lands in Kentucky and starts patenting Anthean technology—amassing the fortune he needs to build a spaceship that will bring the last three hundred Anthean survivors to Earth. But instead of the help he seeks, he finds only self-destruction, sinking into alcoholism and abandoning his spaceship, in this poignant story about the human condition—which has inspired both a film starring David Bowie and the new series starring Chiwetel Ejiofor—by the acclaimed author of *Mockingbird*. "Beautiful science fiction . . . The story of an extraterrestrial visitor from another planet is designed mainly to say something about life on this one." —The New York Times "An utterly realistic novel about an alien human on Earth . . . Realistic enough to become a metaphor for something inside us all, some existential loneliness." —Norman Spinrad, author of *The Iron Dream* "Those who know *The Man Who Fell to Earth* only from the film version are missing something. This is one of the finest science fiction novels of its period." —J. R. Dunn, author of *This Side of Judgment*

Flowers for Algernon Daniel Keyes, 2007-12-01 Winner of both the Hugo and Nebula Awards, the powerful, classic story

about a man who receives an operation that turns him into a genius...and introduces him to heartache. Charlie Gordon is about to embark upon an unprecedented journey. Born with an unusually low IQ, he has been chosen as the perfect subject for an experimental surgery that researchers hope will increase his intelligence—a procedure that has already been highly successful when tested on a lab mouse named Algernon. As the treatment takes effect, Charlie's intelligence expands until it surpasses that of the doctors who engineered his metamorphosis. The experiment appears to be a scientific breakthrough of paramount importance, until Algernon suddenly deteriorates. Will the same happen to Charlie?

The Art of Remember Me Aleksí Briclot, 2013 Shows the evolution of the art of the video game *Remember Me*, including concept art and commentary from the creators.

Bones of the Moon Jonathan Carroll, 2024-08-27 *Bones of the Moon* is the story of a young woman named Cullen James who leads a dual life, one in the real world and the other in her vivid night dreams set in a magical land called Rondua. In these dreams, Cullen embarks on a quest to find the Bones of the Moon, five bones that hold power over Rondua. As the dreams intensify, they begin to impact her waking life, leading to unsettling and frightening intersections between the two worlds. Alongside an enigmatic little boy also seeking the bones, and Mr. Tracy, a dog the size of a hot-air balloon, Cullen navigates through both realms in search of these mystical bones.

Raising Stony Mayhall Daryl Gregory, 2011-06-28 From award-winning author Daryl Gregory, whom *Library Journal* called “[a] bright new voice of the twenty-first century,” comes a new breed of zombie novel—a surprisingly funny, vividly frightening, and ultimately deeply moving story of self-discovery and family love. In 1968, after the first zombie outbreak, Wanda Mayhall and her three young daughters discover the body of a teenage mother during a snowstorm. Wrapped in the woman’s arms is a baby, stone-cold, not breathing, and without a pulse. But then his eyes open and look up at Wanda—and he begins to move. The family hides the child—whom they name Stony—rather than turn him over to authorities that would destroy him. Against all scientific reason, the undead boy begins to grow. For years his adoptive mother and sisters manage to keep his existence a secret—until one terrifying night when Stony is forced to run and he learns that he is not the only living dead boy left in the world.

If on a Winter's Night a Traveller Italo Calvino, 2010-12-23 A masterwork by the incomparable, genre-defying, wondrous Italo Calvino. You go into a bookshop and buy *If on a Winter's Night a Traveller* by Italo Calvino. You like it. But there is a printer's error in your copy. You take it back to the shop and get a replacement. But the replacement seems to be a totally different story. You try to track down the original book you were reading but end up with a different narrative again. This remarkable novel leads you through many different books including a detective adventure, a romance, a satire, an erotic story, a diary and a quest. But the real hero of them all is you, the reader. 'Breathtakingly inventive' David Mitchell 'A writer of dizzying ambition and variety, each of his stories is a fresh adventure into the possibilities of fiction' *Guardian*

Speak Louisa Hall,2015-07-07 She cannot run. She cannot walk. She cannot even blink. As her batteries run down for the final time, all she can do is speak. Will you listen? From a pilgrim girl's diary, to a traumatised child talking to a software program; from Alan Turing's conviction in the 1950s, to a genius imprisoned in 2040 for creating illegally lifelike dolls: all these lives have shaped and changed a single artificial intelligence - MARY3. In *Speak* she tells you their story, and her own. It is the last story she will ever tell, spoken both in celebration and in warning. When machines learn to speak, who decides what it means to be human? 'TRANSFIXING' New York Times 'BRILLIANT' Huffington Post 'INCREDIBLE' Buzzfeed 'HYPNOTIC' Guardian 'A MASTERPIECE' NPR

My Real Children Jo Walton,2014-05-20 It's 2015, and Patricia Cowan is very old. Confused today, read the notes clipped to the end of her bed. She forgets things she should know-what year it is, major events in the lives of her children. But she remembers things that don't seem possible. She remembers marrying Mark and having four children. And she remembers not marrying Mark and raising three children with Bee instead. She remembers the bomb that killed President Kennedy in 1963, and she remembers Kennedy in 1964, declining to run again after the nuclear exchange that took out Miami and Kiev. Her childhood, her years at Oxford during the Second World War-those were solid things. But after that, did she marry Mark or not? Did her friends all call her Trish, or Pat? Had she been a housewife who escaped a terrible marriage after her children were grown, or a successful travel writer with homes in Britain and Italy? And the moon outside her window: does it host a benign research station, or a command post bristling with nuclear missiles? Two lives, two worlds, two versions of modern history; each with their loves and losses, their sorrows and triumphs. Jo Walton's *My Real Children* is the tale of both of Patricia Cowan's lives...and of how every life means the entire world. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

2084 Boualem Sansal,2017-01-31 A “sharply satirical” novel about an oppressive religious dictatorship and one man’s discovery of an underground resistance (Library Journal). 2015 Winner of the Le Grand Prix du Roman de l’Académie française A tribute to George Orwell’s dystopian classic *1984* and a cry of protest against totalitarianism of all kinds, Boualem Sansal’s *2084* tells the story of a near future in which religious extremists have established a caliphate that forbids autonomous thought. In the year 2084, in the kingdom of Abistan—named after the prophet Abi, earthly messenger of the god Yölah—citizens submit to a single god, demonstrating their devotion by kneeling in prayer nine times a day. Remembering the past is forbidden, and an omnipresent surveillance system instantly informs the authorities of every deviant act, thought, or idea. The kingdom is blessed and its citizens are happy, filled with purpose and piety. Those who are not—the heretics—are put to death by stoning or beheading in city squares. But Ati has met people who think differently: In ghettos and caves, hidden from the authorities, exist the last living heretics and free-thinkers of Abistan. Under their influence, Ati begins to doubt. He begins to think. Now, he will have to defend his thoughts with his life. *2084* is “a rare,

powerful book, at the intersection of fable and lampoon, of satire and science fiction,” a cry of freedom, a gripping novel of ideas, and an indictment of the kind of closed-minded fundamentalism that threatens our democracies and the ideals on which they are founded (Lire). “Alison Anderson’s deft and intelligent translation [conveys] Sansal’s abhorrence of a system that controls people’s minds, while explaining that the religion was not originally evil but has been corrupted. A moving and cautionary story.” —The Times Literary Supplement “A powerful novel that celebrates resistance.” —The Guardian

The Dead Lake Hamid Ismailov, 2014-02-15 A haunting Russian tale about the environmental legacy of the Cold War. Yerzhan grows up in a remote part of Soviet Kazakhstan where atomic weapons are tested. As a young boy he falls in love with the neighbour's daughter and one evening, to impress her, he dives into a forbidden lake. The radioactive water changes Yerzhan. He will never grow into a man. While the girl he loves becomes a beautiful woman. Why Peirene chose to publish this book: 'Like a Grimm's fairy tale, this story transforms an innermost fear into an outward reality. We witness a prepubescent boy's secret terror of not growing up into a man. We also wander in a beautiful, fierce landscape unlike any other we find in Western literature. And by the end of Yerzhan's tale we are awe-struck by our human resilience in the face of catastrophic, man-made, follies.' Meike Ziervogel 'A haunting and resonant fable.' Boyd Tonkin, Independent 'A tantalising mixture of magical and grim realism . . . a powerful study of alienation and environmental catastrophe.' David Mills, Sunday Times 'A poetic masterpiece, a novella of shocking legacies, alien beauty and blistering emotional intensity'. Pam Norfolk, Lancashire Evening Post 'A writer of immense poetic power.' Kapka Kassabova, Guardian Elizabeth Buchan, Daily Mail 'This superb novella . . . reads like a modern fairy-tale, full of a surreal yet mundane horror.' Lesley McDowell, Independent on Sunday 'Central Asian storytelling at its best.' Marion James, Today's Zaman
LONGLISTED FOR THE INDEPENDENT FOREIGN FICTION PRIZE 2015 INDEPENDENT BOOKS OF THE YEAR 2014 GUARDIAN READERS' BOOKS OF THE YEAR 2014

Amatka Karin Tidbeck, 2017-06-27 A LOCUS AWARD FINALIST ONE OF THE GUARDIAN'S BEST SCIENCE FICTION AND FANTASY BOOKS OF 2017 A surreal debut novel set in a world shaped by language in the tradition of Margaret Atwood and Ursula K. Le Guin. Vanja, an information assistant, is sent from her home city of Essre to the austere, wintry colony of Amatka with an assignment to collect intelligence for the government. Immediately she feels that something strange is going on: people act oddly in Amatka, and citizens are monitored for signs of subversion. Intending to stay just a short while, Vanja falls in love with her housemate, Nina, and prolongs her visit. But when she stumbles on evidence of a growing threat to the colony, and a cover-up by its administration, she embarks on an investigation that puts her at tremendous risk. In Karin Tidbeck's world, everyone is suspect, no one is safe, and nothing—not even language, nor the very fabric of reality—can be taken for granted. *Amatka* is a beguiling and wholly original novel about freedom, love, and artistic creation by a captivating new voice.

La horde du contrevent Alain Damasio,2021-02-04

Death of a Gossip M.C. Beaton,2009-06-01 The very first Hamish Macbeth crime mystery, from internationally bestselling author M.C.Beaton When society widow and gossip columnist Lady Jane Winters joins the local fishing class she wastes no time in ruffling the feathers - or should that be fins? - of those around her. Among the victims of her sharp tongue is Lochdubh constable Hamish Macbeth, yet not even Hamish thinks someone would seriously want to silence Lady Jane's shrill voice permanently - until her strangled body is fished out of the river. Now with the help of the lovely Priscilla Halburton-Smythe, Hamish must steer a course through the choppy waters of the tattler's life to find a murderer. But with a school of suspects who aren't willing to talk, and the dead woman telling no tales, Hamish may well be in over his head for he knows that secrets are dangerous, knowledge is power, and killers when cornered usually do strike again. Praise for the Hamish Macbeth series: 'First rate ... deft social comedy and wonderfully realized atmosphere.' Booklist 'It's always a treat to return to Lochdubh.' New York Times 'Readers will enjoy the quirks and unique qualities of the cast ... Beaton catches the beauty of the area's natural geography and succinctly describes its distinct flavour.' Library Journal 'Befuddled, earnest and utterly endearing, Hamish makes his triumphs sweetly satisfying.' Publishers Weekly

Thin Air Richard K. Morgan,2018-10-23 An atmospheric tale of corruption and abduction set on Mars, from the author of the award-winning science fiction novel *Altered Carbon*, now an exciting new series from Netflix. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE GUARDIAN Hakan Veil is an ex-corporate enforcer equipped with military-grade body tech that's made him a human killing machine. His former employers have abandoned him on a turbulent Mars where Earth-based overlords battle for profits and power amid a homegrown independence movement. But he's had enough of the red planet, and all he wants is a ticket back home—which is just what he's offered by the Earth Oversight organization, in exchange for being the bodyguard for an EO investigator. It's a beyond-easy gig for a heavy hitter like Veil . . . until it isn't. When Veil's charge starts looking into the mysterious disappearance of a lottery winner, it stirs up a hornet's nest of intrigue and murder. And the deeper Veil is drawn into the game, the more long-buried secrets claw their way to the Martian surface. Now it's the expert assassin poised against powerful enemies hellbent on taking him down—by any means necessary. Praise for *Thin Air* "Kick-ass . . . Mixed in with the thriller-esque action and cyberpunk backdrop is a hard-boiled noir story complete with a twisting and turning plot that keeps readers on their toes."—Los Angeles Times "Richard K. Morgan wants to destroy your Mars fantasies. . . . It's a grim vision, but one that Morgan finds far more plausible than the cheerful visions of plucky Mars colonists common in sci-fi."—Wired "A robotically enhanced Jack Reacher [in a] dazzlingly intricate game of political double- and triple-cross, spiced with tastily kinetic battle sequences."—The Guardian "If you ever imagined that the core esthetics and themes of cyberpunk—lowlifes and high tech; corporate dominance; future noir; post-human evolution and cyborg adaptations; hardscrabble urban environments—were played out, *Thin Air* will set you straight, and kick your butt in

the process. . . . Both kinematic and cinematic, [Thin Air is] limned by Morgan with balletic precision and smashmouth grace.”—Paul Di Filippo, Locus

Sand Hugh Howey, 2014-02-06 A powerful post-apocalyptic thriller from the internationally bestselling author of the Silo trilogy. The old world is buried. A new one has been forged atop the shifting dunes. Here in this land of howling wind and infernal sand, four siblings find themselves scattered and lost. Palmer has never been the same since his father walked out twelve years ago. His elder sister, Vic, is trying to run away from the past; his younger brothers, Connor and Rob, are risking their lives to embrace it. His mother, left with nothing but anger, is just trying to forget. Palmer wants to prove his worth, not only to his family, but to himself. And in the barren, dune-covered landscape of his home, there is only one way to earn respect: sand-diving. Plunging deep below the desert floor in search of relics and scraps of the old world. He is about to embark on the most dangerous dive of his young life, aiming to become the first to discover the rumoured city below. Deep within the sand lies the key to bringing his family together - and tearing their world apart.
