*The Complete Beginners Guide to Mac OS X El Capitan* Scott La Counte, 2015-10-10 Whether you are a new convert to Mac, still thinking about making the switch, or just want to learn more about Macs, this book will guide you through the Mac OS and help you see how making the switch really isn't the great leap that you once thought it was. While this book was written for anyone new to Mac, it is especially geared for people who are switching to Mac from Windows. This book will show you the basics and show you how to do the common day tasks you know on Windows (like right clicking). It will also show you how to get your Mac in sync with your iPad or iPhone, and how to do everyday tasks like change background, find files, and performance tweaks to keep your Mac running like new. Please note, while every effort has been made to ensure accuracy, this book is not endorsed by Apple and should be considered unofficial.

*Mac Secrets* Mark Hattersley, 2010-11-23 Explore the latest Mac OS X features, tips, tricks, and secrets with a Mac insider Written by an internationally recognized Macintosh expert and Apple aficionado, this book is aimed at intermediate level Mac users with behind-the-scenes knowledge and insider tips for users of all levels. You'll forego the hype and get straight down to business on how things work, what's new, and what's different about Mac OS X. Offering the inside scoop on what you really need to know, this book shows you how to best optimize the new Mac operating system to accommodate your needs. Cuts to the heart of Mac OS X and explains how it works, what's new, and what's different Explains how you can

optimize Mac OS X to suit your needs Tells you what you need to know and reveals little-known tips, tricks, shortcuts, and advice from an internationally renowned Mac insider Focuses only on what you really want to know and doesn't waste your time with basic computer concepts that you already know It's no secret: Mac OS X Secrets is the ultimate insider's guide to Mac OS X.

*Mountain Lion Installation Guide (Macworld Superguides)*, Mountain Lion (aka OS X 10.8) is now available, and thanks to the Mac App Store, the process of purchasing, obtaining, and installing Mac OS X is faster and easier than ever. Like Lion, getting this version of the OS no longer involves driving to the nearest Apple Store or retailer, or waiting for the FedEx truck to arrive. But the better shape your Mac is in before you install Mountain Lion, the better experience you'll have during and after the upgrade. Allow us to introduce the Mountain Lion Installation Guide. In this book, we cover the requirements for running Apple's newest OS; the things you should do to get your Mac ready; and the purchase and download processes. We walk you through the actual installation; recommend some post-install tasks; discuss some upgrade challenges; and help you decide if a clean install is for you. We've also got instructions for creating a bootable Mountain Lion installer disc or drive, as well as for installing Mountain Lion over Snow Leopard (Mac OS X 10.6).

Mac mini Hacks and Mods For Dummies John Rizzo, 2006-01-13 Starting at \$499, the diminutive Mac mini—2.5 inches tall, 6.5 inches wide, and 2.9 pounds—is expected to become Apple's bestselling computer, with projected shipments of 100,000 units a month This book offers several projects—some easy, some more challenging—to help people tweak, modify, and transform a Mac mini Modest modifications include creating a Mac mini home theater, an appliance controller, and a travel kit; other more complex (but very cool!) mods require wielding a soldering iron Offers detailed, illustrated step-by-step instructions—including how to open the Mac mini, keep track of pieces, and avoid damage—that enable even novice tinkerers to complete the projects

**Alex's Simple Guide to OS X Yosemite** Aleksandre Glonti, Depending on the way of the interpretation you might

perceive single topic to be either complicated and difficult, or on the contrary - easy and effortless to learn. The key to providing an advantageous learning is to deliver the information that is simple, yet entirely encompassing the field of study. In Alex's Simple Guide series, we maintained the point of view where everything complicated is assembled from the individual simple compiling parts. Thus, to pass the knowledge to our clients through this guide we dedicated our efforts to address the simple components first, and only afterwards by going deeper into the details of the corresponding complex issues. This way you will learn quicker and more efficiently. Alex Simple Guide to OS X Yosemite consists of seven chapters of carefully selected information covering various topics of the new operating system developed by Apple. In the first part of the guide we will discuss what is there new in OS X Yosemite and how can you use it to your benefit. Next, you will find Tips & Tricks section where we included information on exquisite hacks that will make your everyday work much easier. Following chapter about keyboard shortcuts will teach you how to speed up accomplishment of your daily tasks. Finally, in the FAQ area you will discover many interesting features of your Mac computers. Every tutorial is supplemented with high resolution illustrations and detailed step by step instructions to help you quickly understand the process. In order to easily memorize the presented information we have attentively compiled each sentence of this guide. As a result we are proud to present you with the outcome of our efforts.

The Complete Software Developer's Career Guide John Z. Sonmez, 2017 Early in his software developer career, John Sonmez discovered that technical knowledge alone isn't enough to break through to the next income level - developers need soft skills like the ability to learn new technologies just in time, communicate clearly with management and consulting clients, negotiate a fair hourly rate, and unite teammates and coworkers in working toward a common goal. Today John helps more than 1.4 million programmers every year to increase their income by developing this unique blend of skills. Who Should Read This Book? Entry-Level Developers - This book will show you how to ensure you have the technical skills your future boss is looking for, create a resume that leaps off a hiring manager's desk, and escape the no work experience trap. Mid-Career Developers - You'll see how to find and fill in gaps in your technical knowledge, position yourself as the one team member your boss can't live without, and turn those dreaded annual reviews into chance to make an iron-clad case for your salary bump. Senior Developers - This book will show you how to become a specialist who can command above-market wages, how building a name for yourself can make opportunities come to you, and how to decide whether consulting or entrepreneurship are paths you should pursue. Brand New Developers - In this book you'll discover what it's like to be a professional software developer, how to go from I know some code to possessing the skills to work on a development team, how to speed along your learning by avoiding common beginner traps, and how to decide whether you should invest in a programming degree or 'bootcamp.'--

Apple Training Series Michael E. Cohen, Michael Wohl, Mary Plummer, 2010-04-16 In the only Apple-certified guide to iLife '09, the authors have you working miracles with iLife within the first few pages. The Apple Training Series is both a self-paced learning tool and the official curriculum of the Apple Training and Certification Program. To find out more about Apple Training, or to find an Authorized Training Center near you, go to

[www.apple.com/training](http://www.apple.com/training). All of Peachpit's eBooks contain the same content as the print edition. You will find a link in the last few pages of your eBook that directs you to the media files. Helpful tips: · If you are able to search the book, search for Where are the lesson files? · Go to the very last page of the book and scroll backwards. · You will need a web-enabled device or computer in order to access the media files that accompany this ebook. Entering the URL supplied into a computer with web access will allow you to get to the files. · Depending on your device, it is possible that your display settings will cut off part of the URL. To make sure this is not the case, try reducing your font size and turning your device to a landscape view. This should cause the full URL to appear.
