

Stargate Rediscovered Classics

Pauline Gedge

Stargate Pauline Gedge,2016-07-01 In the earliest years of the history of the universe, the Worldmaker has turned against his creations with unaccountable malice. One by one the ruling sun lords of each solar system have fallen, succumbing to the lure of forbidden knowledge. The terrible punishment for their crime is isolation—the Gates connecting their worlds to the rest of the cosmos are sealed off. Their innocence lost, their civilizations hopelessly corrupted, the immortal sun people are condemned to languish with their subjects in an eternity of solitude. With courageous and often desperate measures the remaining sun lords now prepare themselves and their subjects for a battle unlike any they have ever imagined. The final struggle has begun. Unfolding with epic power, Stargate is conceived with a richness, subtlety, and depth that set it apart from most fantasy fiction. And like Pauline Gedge's critically acclaimed historical novels, it is written with a vividness that is unforgettable. First published in 1982 but long out of print, Stargate is destined to be rediscovered and treasured as a major classic of fantasy literature.

Hard To Be A God Arkady Strugatsky,Boris Strugatsky,2015-04-09 Anton is an undercover operative from future Earth, who travels to an alien world whose culture has not progressed beyond the Middle Ages. Although in possession of far more advanced knowledge than the society around him, he is forbidden to interfere with the natural progress of history. His place is to observe rather than interfere - but can he remain aloof in the face of so much cruelty and injustice ...?

Rediscovering the Islamic Classics Ahmed El Shamsy,2020-02-11 The people who selected, edited, and published the new print books on and about Islam exerted a huge influence on the resulting literary tradition. These unheralded editors determined, essentially, what came to be understood by the early twentieth century as the classical written canon of Islamic thought. Collectively, this relatively small group of editors who brought Islamic literature into print crucially shaped how Muslim intellectuals, the Muslim public, and various Islamist movements understood the Islamic intellectual tradition. In this book Ahmed El Shamsy recounts this sea change, focusing on the Islamic literary culture of Cairo, a hot spot of the infant publishing industry, from the late nineteenth and twentieth centuries. As El Shamsy argues, the aforementioned editors included some of the greatest minds in the Muslim world and shared an ambitious intellectual agenda of revival, reform, and identity formation. .

Classical Traditions in Science Fiction Brett M. Rogers,Benjamin Eldon Stevens,2015-01-12 For all its concern with

change in the present and future, science fiction is deeply rooted in the past and, surprisingly, engages especially deeply with the ancient world. Indeed, both as an area in which the meaning of classics is actively transformed and as an open-ended set of texts whose own 'classic' status is a matter of ongoing debate, science fiction reveals much about the roles played by ancient classics in modern times. *Classical Traditions in Science Fiction* is the first collection in English dedicated to the study of science fiction as a site of classical receptions, offering a much-needed mapping of that important cultural and intellectual terrain. This volume discusses a wide variety of representative examples from both classical antiquity and the past four hundred years of science fiction, beginning with science fiction's rosy-fingered dawn and moving toward the other-worldly literature of the present day. As it makes its way through the eras of science fiction, *Classical Traditions in Science Fiction* exposes the many levels on which science fiction engages the ideas of the ancient world, from minute matters of language and structure to the larger thematic and philosophical concerns.

Forever Amber Kathleen Winsor, 2012-02-01 Abandoned pregnant and penniless on the teeming streets of London, 16-year-old Amber St. Clare manages, by using her wits, beauty, and courage, to climb to the highest position a woman could achieve in Restoration England—that of favorite mistress of the Merry Monarch, Charles II. From whores and highwaymen to courtiers and noblemen, from events such as the Great Plague and the Fire of London to the intimate passions of ordinary—and extraordinary—men and women, Amber experiences it all. But throughout her trials and escapades, she remains, in her heart, true to the one man she really loves, the one man she can never have. Frequently compared to *Gone with the Wind*, *Forever Amber* is the other great historical romance, outselling every other American novel of the 1940s—despite being banned in Boston for its sheer sexiness. A book to read and reread, this edition brings back to print an unforgettable romance and a timeless masterpiece.

Brainboy and the DeathMaster Tor Seidler, 2010-09-14 A fast-paced, high-tech, mystery-adventure from the author of the National Book Award finalist *Mean Margaret*.

Flicker Theodore Roszak, 2005-04-01 From the golden age of art movies and underground cinema to X-rated porn, splatter films, and midnight movies, this breathtaking thriller is a tour de force of cinematic fact and fantasy, full of metaphysical mysteries that will haunt the dreams of every moviegoer. Jonathan Gates could not have anticipated that his student studies would lead him to uncover the secret history of the movies—a tale of intrigue, deception, and death that stretches back to the 14th century. But he succumbs to what will be a lifelong obsession with the mysterious Max Castle, a nearly forgotten genius of the silent screen who later became the greatest director of horror films, only to vanish in the 1940s, at the height of his talent. Now, 20 years later, as Jonathan seeks the truth behind Castle's disappearance, the innocent entertainments of his youth—the sexy sirens, the screwball comedies, the high romance—take on a sinister appearance. His tortured quest takes him from Hollywood's Poverty Row into the shadowy lore of ancient religious heresies.

He encounters a cast of exotic characters, including Orson Welles and John Huston, who teach him that there's more to film than meets the eye, and journeys through the dark side of nostalgia, where the Three Stooges and Shirley Temple join company with an alien god whose purposes are anything but entertainment.

The Eagle and the Raven Pauline Gedge, Donna Gillespie, 2007-10-28 Spanning three generations, this historical novel tells the tale of Boudicca, the most famous warrior of ancient Britain, and Caradoc, the son of a Celtic king, who sets out to unite the people of the Raven and lead them against Rome. Caradoc's objective is not easily accomplished as the Roman army advances into Britain, raping Celtic women and burning villages to the ground. His efforts are also met with fierce opposition from Aricia, the vain queen of a northern tribe who swears allegiance to the Romans after Caradoc slights her, and from Gladys, Caradoc's warrior sister who falls in love with her Roman captor. Unfortunately, Caradoc's endeavors are left unresolved when he is taken prisoner, but Boudicca, a strong-willed woman, ultimately takes up the cause that was Caradoc's legacy.

Tunnel in the Sky Robert A. Heinlein, 2005-03-15 High school students enter a time gate to an unknown planet for a survival test, but something goes wrong and they have to learn to survive by their own resourcefulness.

Five smooth stones Ann Fairbairn, 1966 David Champlin is a black man born into poverty in Depression-era New Orleans who makes his way up the ladder of success, only to sacrifice everything to lead his people in the civil rights movement. Sara Kent is the white girl who loves David from the moment she first sees him, and who struggles against his belief that a marriage for them would be wrong in the violent world he has to confront. And the five smooth stones are those the biblical David carried against Goliath.--Amazon.com website

Newton's Wake Ken MacLeod, 2012-06-07 'Stylish, witty, and engaging!' - San Diego Union Tribune 'Exciting...Accessible to the average reader as well as the hardcore SF fan. This is a work sure to keep the reader on the edge of her seat.' - Romantic Times Bookclub The Hard Rapture took Earth's best minds away. Now the rest are about to find out where they went ... Centuries ago, space settlers and soldiers fled to the stars from the sentient AI war machines that engulfed Earth. They colonised Eurydice, a planet whose rocks contain traces of its own war machines - some of which still guard a vast, enigmatic artifact on a remote tundra. When an expedition raids this strange artifact, the Eurydiceans discover that they weren't the last survivors of humanity after all. Their leisured lifestyle is about to be disrupted by new arrivals for whom Eurydice is a prize worth fighting over. And the long-dormant war machines are awakening ... Newton's Wake is a stunning stand-alone space opera, charting the struggle for human survival in a universe dominated by post-human intelligence. Books by Ken MacLeod: Fall Revolution The Star Fraction The Stone Canal The Cassini Division The Sky Road Engines of Light Cosmonaut Keep Dark Light Engine City Corporation Wars Trilogy Dissidence Insurgence Emergence Novels The Human Front Newton's Wake Learning the World The Execution Channel The Restoration Game Intrusion Descent

The Mystery Chronicles Joe Nickell, 2010-09-12 With a foreword by James Randi Paranormal investigator Joe Nickell has spent more than thirty years solving the world's most perplexing mysteries. This new casebook reveals the secrets of the Winchester Mystery House, the giant Nazca drawings of Peru, the Shroud of Turin, the Mothman enigma, the Amityville Horror house, the vicious goatsucking El Chupacabras, and numerous other unexplainable paranormal phenomena. Nickell has traveled far and wide to solve cases, which include a weeping icon in Russia, the elusive Bigfoot-like yowie in Australia, the reputed power of a headless saint in Spain, and an alien hybrid in Germany. He has gone undercover—often in disguise—to reveal the tricks of those who pretend to talk to the dead, accompanied a Cajun guide into a Louisiana swamp in search of a fabled monster, and gained an audience with a voodoo queen. Superstar psychic medium John Edward, pet psychic Sonya Fitzpatrick, evangelist and healer Benny Hinn, and many other well-known figures have found themselves under Nickell's careful scrutiny. The Mystery Chronicles examines more than three dozen intriguing mysteries. Nickell uses a hands-on approach and the scientific method to steer between the extremes of mystery mongering and debunking. His investigative skills have won him both acclaim and controversy during his long career as one of the world's foremost paranormal investigators.

The Alpha Omega Taurus Star Gate Wayne Herschel, 2019-11-15 THE ALPHA OMEGA TAURUS STAR GATE This full color edition will interest both modern truth seekers and also those of a firm belief. Although it reveals the reality of those we call 'angels', it beckons the reader to keep an open mind as to how these 'angels' can be scientifically justified. In doing so, the new findings take the reader to a whole new level that verifies the benevolence of these visitors from above and all the sacred teachings about them. Exposing historical subject matter pertaining to both the paranormal and 'ancient alien' genre that has been deemed 'forbidden', this book brings to light some key prophecy breakthroughs encoded in the biblical Revelation; the discovery of real historical star gate devices; a cosmic address; and the probability of an imminent cosmic visitor event. It is a book that is anything but fiction! Due to the high-risk journey undergone in publishing 'The Hidden Records Chronicles' series, the author has deliberately opted for a less academic, far 'safer' New Age style in the presentation of the content rather than an academic one. Moreover, this publication has 'embedded' in it a very deep psychological spiritual inspiration that readers will experience acting deeply on the psyche - subconsciously lifting the veil to awaken one's consciousness. The year 2017 saw a massive chamber uncovered inside the Great Pyramid. What can we expect to find in it? How can we be sure what it is? The ancients have left a record of it... a 'device'... a star gate! The same year also marked the first ever sighting of a deep-space-origin cylindrical object passing through our solar system. The powers that be were persistent in trying to make it look like a comet but provided no answer as to how it could alter its speed. It was not a rock and the timing of it coincides with this book's new discoveries. The author's first book 'The Hidden Records' published in 2003 compellingly decodes secret symbols and ancient star maps in all ancient civilisations, shocking his readers with his

very original Pleiades/Orion star-map star-visitor human origins theory identifying the 'x' that marks the spot. All facts considered; it boldly proposes that humanity originated from one of three sun-like stars near the Pleiades as an arrival. Defining the 'first time' for civilisation on Earth and replacing the doomed Neanderthal. Now with the launch of this 'end times' book, Wayne Herschel takes his established theories a notch higher. This new book begs the question: Are we actually in the 'end times', the end of a chaos period, beginning a new way forward and unveiling what might be an official prophesied 'first contact' event? The two enigmatic symbols of the Alpha and Omega reveal a message. And when compared to segments of the book of Revelation texts, the unthinkable is revealed by these symbols. A hidden world crisis is identified occurring right now, coinciding with an end time prophecy and the relevance of star gates, as well as a revival of the lost knowledge of the actual star gate devices! Readers get to go on a non-dramatized journey with a real symbologist using reasoning and logic, painstakingly decoding each clue previously deemed forbidden. Who would have imagined that the recent deep space object called Oumuamua and the discovery of Atlantis would be tied in with the star maps, the star gate and our amazing ancient-'alien' angelic-bloodline human past? It has 285 pages and detailed full-color graphics and images. There is also the means to access an online gateway with hyperlink-referenced links to free view extra content (limited offer for anyone who purchases the paperback).

Nomad James Swallow, 2016-06-02 The Sunday Times bestselling debut novel from the master of the modern espionage thriller, James Swallow. _____ Marc Dane was always the MI6 field agent stuck at home behind a computer screen, one step away from the action. But when a brutal attack on his team leaves Marc as the only survivor - and with the shocking knowledge that there are traitors inside MI6 - he's forced into the front line. Worse still, every shred of evidence seems to point towards Marc as the perpetrator of the attack. Accused of betraying his country, and with no one left to trust, he is forced to rely on the elusive Rubicon group and their operative Lucy Keyes. Ex US Army, Lucy also knows what it's like to be an outsider, and she's got the field skills that Marc is sorely lacking. But Marc will soon realise he is just a pawn in a monstrous conspiracy. A terrorist attack is coming, one bigger and more deadly than has ever been seen before. And with the eyes of the security establishment elsewhere, only Marc and Lucy can stop the attack before it's too late. A brilliant, white-knuckle thrill ride, NOMAD is the book that launched the global bestselling Marc Dane series - perfect for fans of I Am Pilgrim by Terry Hayes, Orphan X by Gregg Hurwitz, Mark Dawson's John Milton, and Vince Flynn's Mitch Rapp.

The Goliath Stone Larry Niven, Matthew Joseph Harrington, 2013-06-25 Scientists must stop nanites from driving an

asteroid into Earth in this “brilliantly crafted . . . edge-of-the-seat thriller” (Kirkus Reviews, starred review). Twenty-five years ago, Doctor Toby Glycer and William Connors made a revolutionary breakthrough in nanotechnology. Their controversial nanites were capable of everything from miracle cures for the terminally ill to AI for asteroid-mining missions. But when the nanite-run Briareus mission to divert an Earth-crossing asteroid dropped out of contact soon after reaching its target, the entire program was shut down and the use of nanotechnology forcibly suppressed. Now a much, much larger asteroid is on a collision course with Earth—and the Briareus nanites may be responsible. While governments scramble to find a solution, Doctor Glycer knows that their only hope to avoid Armageddon lies in the nanites themselves. On the run, Glycer must track down Connors and find a way to make contact with their wayward children before a two-hundred-gigaton asteroid smashes into Earth. Will Glycer’s be Earth’s salvation, or destruction? Praise for *The Goliath Stone* “A fast read, filled with fascinating characters and mind-binding concepts. I should have worn a crash helmet.” —Larry Bond, New York Times–bestselling author of *Shattered Trident* “A future so brilliantly rendered that it feels shockingly real. This stunning book is Niven at the absolute top of his game, a surefire award winner and fan pleaser.” —Whitley Strieber, New York Times–bestselling author of *The Grays* “A rollicking good time.” —Publishers Weekly (starred review) “With witty dialogue and laugh-inducing prose, this is an incredible fun read, sure to entertain SF fans.” —Booklist

Child of the Morning Pauline Gedge, 2010 Reared by her Pharaoh father to assume his throne upon his death, Hatshepsut—a real historical figure—has to contend with her weak half-brother before she can realize her dream.

Making Sense of the Bible Adam Hamilton, 2014-03-18 Denominations from evangelical to mainline continue to experience deep divisions over universal social issues. The underlying debate isn’t about a particular social issue, but instead it is about how we understand the nature of scripture and how we should interpret it. The world’s bestselling, most-read, and most-loved book is also one of the most confusing. In *Making Sense of the Bible*, Adam Hamilton, one of the country’s leading pastors and Christian authors, addresses the hot-button issues that plague the church and cultural debate, and answers many of the questions frequently asked by Christians and non-Christians alike. Did God really command Moses to put gay people to death? Did Jesus really teach that everyone who is not a Christian will be assigned to hell? Why would Paul command women to “keep silent in the church?” Were Adam and Eve real people? Is the book of Revelation really about the end times? Who decided which books made it into the scriptures and why? Is the Bible ever wrong? In approachable and inviting language, Hamilton addresses these often misunderstood biblical themes leading readers to a deeper appreciation of the Bible so that we might hear God speak through it and find its words to be life-changing and life-giving.

Jaghatai Khan Chris Wraight, 2018-07-24 As the Great Crusade burns across the stars, the primarch of the White Scars, Jaghatai Khan, must decide where his true allegiance lies. Ever since the Imperium’s rediscovery of the world of Chogoris, the White Scars’ culture of warrior mysticism has sat uneasily with the ideals of Unity. As the Great Crusade burns across the

stars, their enigmatic primarch Jaghatai Khan fights to preserve his Legion's distinctiveness amid a galaxy where cold rationality holds sway. Despite his self-imposed isolation, others in the brotherhood of primarchs seek to draw him into the greatest ideological battle of them all: the place of psychic power within the Legions. As the Librarius project is born, and opposition to it grows, the Khan must decide where his greatest allegiance lies – to the Imperial Truth, or to his own heritage.

Spacecraft, 2000 to 2100 AD Stewart Cowley, 1978

Lame Fate | Ugly Swans Arkady Strugatsky, Boris Strugatsky, Maya Vinokour, 2020-08-04 Today, Russian authors Arkady and Boris Strugatsky are counted among the best science fiction writers of the twentieth century, but their relationship with the late-Soviet literary establishment was often fraught. By the late 1960s, publishers had become increasingly reluctant to release their works, but their novels and short stories, retyped by hand, circulated widely through unofficial channels within the Soviet Union and occasionally turned up abroad in unauthorized translation. The nested novels *Ugly Swans* and *Lame Fate* offer insight into this period of enforced silence. Never before translated into English, *Lame Fate* tells the story of middle-aged author Felix Sorokin, who is asked by the Soviet Writers' Union to submit a writing sample to a new computer program that will scientifically evaluate its objective value as a literary work. Sorokin must choose whether to present something establishment- approved or risk sharing his unpublished masterpiece. Sorokin's masterwork is *Ugly Swans*, previously published in English as a standalone work but presented here in an authoritative new translation. Its hero, disgraced literary celebrity Victor Banev, returns to his hometown to find it haunted by the mysterious clammies—black-masked outcasts with supernatural talents who terrify the town's adult population but enthrall its teenagers, including Banev's own daughter. Together, *Lame Fate* and *Ugly Swans* illuminate some of the Strugatskys' favorite themes—the (im)possibility of political progress, the role of the individual in society, the nature of honor and courage, and the enduring value of art—in consummately entertaining fashion. By turns chilling, uproarious, and moving, these intertwining stories are sure to delight readers from all walks of life.

Stargate Rediscovered Classics Introduction

In the digital age, access to information has become easier than ever before. The ability to download Stargate Rediscovered Classics has revolutionized the way we consume written content. Whether you are a student looking

for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Stargate Rediscovered Classics has opened up a world of possibilities. Downloading Stargate Rediscovered Classics provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Stargate Rediscovered Classics has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Stargate Rediscovered Classics . These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading

Stargate Rediscovered Classics . Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Stargate Rediscovered Classics , users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Stargate Rediscovered Classics has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Stargate Rediscovered Classics Books

1. Where can I buy Stargate Rediscovered Classics books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Stargate Rediscovered Classics book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Stargate Rediscovered Classics books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book

exchanges or online platforms where people exchange books.

6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are Stargate Rediscovered Classics audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.
8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.
9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
10. Can I read Stargate Rediscovered Classics books for free? Public Domain Books: Many classic books are available for free as they're in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.
