Too Clever by Half Nancy Yeager,2018-11-29 A Booksellers' Best Award Finalist! Locked in a competition that could change their lives...or break their hearts. Mr. James Alcott has carved out his place in the world with an esteemed position at Harrow School. But when the school changes direction, he's set adrift. He can redeem himself by founding a scholarship program if he wins the annual Duke's Trust competition for seed money. A seemingly simple task. Until a beautiful and mysterious competitor arouses his curiosity and leaves him speaking in iambic pentameter. Lady Tessa Harmsworth was denied a formal education by her father. Now she has fabricated the reclusive Mr. Pettibone as the champion of her scholarship fund to further the education of other women and girls. The deception is the only way a woman can enter the Duke's Trust competition, let alone win it. And Tessa intends to win. Until her annoyingly clever, poetry-spouting opponent sets out to uncover her ruse. As Tessa and James match wits, their spirited rivalry turns into a passionate affair. With the coveted prize hanging in the balance, will they choose their lifelong dreams or follow their reckless hearts? The Harrow's Finest Five Series books are stand-alone novels with no cliffhangers, and can be read in any order.

Two days later, a woman reports her partner, Archie Hansen, missing. A farmer and Druid, Archie had made a secret and dangerous discovery. Is he the anonymous floater?Unraveling this mystery of betrayal, greed, and adultery will test the investigative skills and intuition of Davies and West as never before. Isn't that Clever Steven Gimbel,2017-06-26 Isn't That Clever provides a new account of the nature of humor - the cleverness account - according to which humor is intentional conspicuous acts of playful cleverness. This volume asks whether there are limits to what can be said in dealing with a heckler and how do we determine whether one comedian has

stolen jokes from another.

The Complete Thinker Dale Ahlquist,2012-09-21 What does it mean to be a complete thinker? It means being able to take on a wide variety of ideas and disciplines and put them all together in a way that they work together. It means thinking like G.K. Chesterton. The English author G.K. Chesterton (1874-1936) was one of the most prolific and well-known writers of his time, and one of the most widely quoted in our own. For newspapers and magazines, he wrote social commentary, literary criticism, and poetry with poignancy and wit. Creator of the beloved detective Father Brown, Chesterton also wrote novels and short stories. Thinking, wrote Chesterton, means connecting things. His ideas are not only connected to each other, they are also connected to us, showing that the thought of Chesterton is timeless. In a world of increasing specialization, Chesterton connects us to the big picture by helping us see how the many and varied elements within our experience fit together. He sheds light on almost every subject and opens doors from one thing to another with dazzling clarity. Drawing on literally hundreds of references from Chesterton's vast writings, Dale Ahlquist conducts a symphony, with Chesterton playing all the instruments in perfect harmony. Chesterton's thoughts on almost everything—from east to west, from old to new, from politics to economics, from Shakespeare to Dickens—are woven together to create an illuminating whole.

Last Orders at Harrods Michael Holman,2012-02-15 Charity Mupanga is the widowed owner of Harrods International Bar (and Nightspot) - a favourite meeting place for the movers and shakers of Kibera. While she can handle most challenges, from an erratic supply of Worcestershire sauce, the secret ingredient in her cooking, to the political tensions in East Africa's most notorious slum and a cholera outbreak that follows the freak floods in the state of Ubuntu, some threatening letters from London lawyers are beginning to overwhelm her. How dare a London store, no matter how big and famous, claim exclusive use of the first name of her late father, Harrods Tangwenya, gardener to successive British high commissioners for nearly twenty years? Well-meant but inept efforts to foil the lawyers by Edward Furniver, a former fund manager who runs Kibera's co-operative bank and who seeks Charity's hand in marriage, bring Harrods International Bar to the brink of disaster, and Charity close to despair. In the nick of time an accidental riot, triggered by the visit to the slum of World Bank President Hardwick Hardwicke, coupled with some quick thinking by Titus Ntoto, the 14-year-old leader of Kibera's toughest gang, the Mboya Boys United Football Club, help Charity - and Harrods - to triumph in the end.

Rider Haggard, was an English writer of adventure novels set

Early years Henry Rider Haggard, generally known as H. Rider Haggard or Rider Haggard, was born at Bradenham, Norfolk, the eighth of ten children, to Sir William Meybohm Rider Haggard, a barrister, and Ella Doveton, an author and poet. His father was born in Saint Petersburg, Russia, to British parents. Haggard was initially sent to Garsington Rectory in Oxfordshire to study under Reverend H. J. Graham, but unlike his elder brothers who graduated from various private schools, he attended Ipswich Grammar School. This was because, his father, who perhaps regarded him as somebody who was not going to amount to much, could no longer afford to maintain his expensive private education. After failing his army entrance exam, he was sent to a private crammer in London to prepare for the entrance exam for the British Foreign Office, for which he never sat. During his two years in London he came into contact with people interested in the study of psychical phenomena.

Jane Austen's Sanditon Arthur M. Axelrad, 2010 When Jane Austen died in 1817, she left behind 120 pages of manuscript that would eventually be published as Sanditon. Praised by some critics and condemned by others, this final effort by the great English writer has for the most part been overlooked in favor of the novels that were published during her lifetime and shortly after her death. For the first time, an entire book is devoted to examining this fragment to establish it as Jane Austen's potential masterpiece. With a new setting and a greater range of characters than found in earlier works, this novel composed during the last months of her short life, if completed, would at the same time have continued her series of magnificent novels and created new possibilities for novels to come.
