Footprints of War David Andrew Biggs, 2018-10-08 When American forces arrived in Vietnam, they found themselves embedded in historic village and frontier spaces already shaped by many past conflicts. American bases and bombing targets followed spatial and political logics influenced by the footprints of past wars in central Vietnam. The militarized landscapes here, like many in the world's historic conflict zones, continue to shape post-war land-use politics. *Footprints of War* traces the long history of conflict-produced spaces in Vietnam, beginning with early modern wars and the French colonial invasion in 1885 and continuing through the collapse of the Saigon government in 1975. The result is a richly textured history of militarized landscapes that reveals the spatial logic of key battles such as the Tet Offensive. Drawing on extensive archival work and years of interviews and fieldwork in the hills and villages around the city of Hue to illuminate war's footprints, David Biggs also integrates historical Geographic Information Systems (GIS) data, using aerial, high-altitude, and satellite imagery to render otherwise placeless sites into living, multidimensional spaces. This personal and multilayered approach yields an innovative history of the lasting traces of war in Vietnam and a model for understanding other militarized landscapes.

Inside Out and Back Again Thanhha Lai, 2011-02-22 *Inside Out and Back Again* is a #1 New York Times bestseller, a Newbery Honor Book, and a winner of the National Book Award! Inspired by the author's childhood experience as a refugee—fleeing Vietnam after the Fall of Saigon and immigrating to Alabama—this coming-of-age debut novel told in verse has been celebrated for its touching child's-eye view of family and immigration. Hà has only ever known Saigon: the thrills of its markets, the joy of its traditions, and the warmth of her friends close by. But now the Vietnam War has reached her home. Hà and her family are forced to flee as Saigon falls, and they board a ship headed toward hope—toward America. This moving story of one girl's year of change, dreams, grief, and healing received four starred reviews, including one from Kirkus which proclaimed it enlightening, poignant, and unexpectedly funny. An author's note explains how and why Thanhha Lai translated her personal experiences into Hà's story. This updated digital edition also includes an interview with the author, an activity you can do with your family, tips on writing poetry, and discussion questions.

The Ethnic Chinese and Economic Development in Vietnam Tran Khanh, 1993 Economic reforms in Vietnam have allowed its ethnic Chinese citizens to prosper, but growing Chinese economic strength harbours the seeds of political problems. The

topic is also meshed with the larger concern of Sino-Vietnamese relations, which in the best of times can be coloured by a suspicion which goes back centuries. In the worst of times, as in 1978/79, both sides were engaged in open warfare. To understand the current situation, this book delves into the origins of Chinese settlement in Vietnam, tracking the flow of history through the major events which have shaped the Chinese mercantile community and made it what it is today. The most significant feature of this work is that it draws on Western, Russian, and Vietnamese sources, as well as the writer's own familiarity with the actual situation on the ground.

The Refugees Viet Thanh Nguyen, 2017-02-07 In *The Refugees*, Viet Thanh Nguyen gives voice to lives led between two worlds, the adopted homeland and the country of birth. From a young Vietnamese refugee who suffers profound culture shock when he comes to live with two gay men in San Francisco, to a woman whose husband is suffering from dementia and starts to confuse her for a former lover, to a girl living in Ho Chi Minh City whose older half-sister comes back from America having seemingly accomplished everything she never will, the stories are a captivating testament to the dreams and hardships of immigration. The second piece of fiction by a major new voice, *The Refugees* is a beautifully written and sharply observed book about the aspirations of those who leave one country for another, and the relationships and desires for self-fulfillment that define our lives.

Social Inequality in Vietnam and the Challenges to Reform Philip Taylor, 2004 Offers detailed descriptions of disparities in income, spatial access, gender, ethnicity and status, addressing their causes and consequences. It illustrates the changing ways in which people have accumulated wealth, social and cultural capital in Vietnam's move from a socialist to a market-oriented society. Taylor from ANU.

The Battle of Long Tan Peter FitzSimons, 2022-10-26 From the bestselling author of *Kokoda* and *Gallipoli* comes the epic story of Australia's deadliest Vietnam War battle. 4.31 pm: Enemy [on] left flank. Could be serious. 5.01 pm: Enemy ... penetrating both flanks and to north and south. 5.02: Running short of ammo. Require drop through trees. It was the afternoon of 18 August 1966, hot, humid with grey monsoonal skies. D Company, 6RAR were four kilometres east of their Nui Dat base, on patrol in a rubber plantation not far from the abandoned village of Long Tan. A day after their base had suffered a mortar strike, they were looking for Viet Cong soldiers. Then - just when they were least expecting - they found them. Under withering fire, some Diggers perished, some were grievously wounded, the rest fought on, as they remained under sustained attack. For hours these men fought for their lives against the enemy onslaught. The skies opened and the rain fell as ferocious mortar and automatic fire pinned them down. Snipers shot at close quarters from the trees that surrounded them. The Aussie, Kiwi and Yankee artillery batteries knew it was up to them but, outnumbered and running out of ammunition they fired, loaded, fired as Viet Cong and North Vietnamese Army forces just kept coming. And coming. Their only hope was if Armoured Personnel Carriers (APCs) could reach them before they were wiped out. The APCs did their best

but low cloud and thunderstorms meant air support was stalled. A daring helicopter resupply mission was suggested but who would want to fly that? The odds against this small force were monumental... By far the deadliest battle for Australian forces in Vietnam, the Battle of Long Tan has a proud place in the annals of Australian military history - and every ANZAC who fought there could hold his head high. Peter FitzSimons, Australia's greatest storyteller, tells the real story of this classic battle. He reveals the horror, the bravery, the wins and the losses that faced our soldiers. He brings to life the personal stories of the men who fought, the events leading up to that memorable battle and the long war that followed, and the political decisions made in the halls of power that sealed their fates. The Battle of Long Tan is an engrossing and powerful history that shows the costs of war never end.

Close Quarters Larry Heinemann, 2010-03-31 From the moment his first novel was published, Larry Heinemann joined the ranks of the great chroniclers of the Vietnam conflict--Philip Caputo, Tim O'Brien, and Gustav Hasford. In the stripped-down, unsullied patois of an ordinary soldier, draftee Philip Dosier tells the story of his war. Straight from high school, too young to vote or buy himself a drink, he enters a world of mud and heat, blood and body counts, ambushes and firefights. It is here that he embarks on the brutal downward path to wisdom that awaits every soldier. In the tradition of *Naked and the Dead* and *The Thin Red Line*, *Close Quarters* is the harrowing story of how a decent kid from Chicago endures an extraordinary trial-- and returns profoundly altered to a world on the threshold of change.

Vietnam Christopher Goscha, 2016-09-13 The definitive history of modern Vietnam, lauded as groundbreaking (*Guardian*) and the best one-volume history of modern Vietnam in English (*Wall Street Journal*) and a finalist for the Cundill History Prize In Vietnam, Christopher Goscha tells the full history of Vietnam, from antiquity to the present day. Generations of emperors, rebels, priests, and colonizers left complicated legacies in this remarkable country. Periods of Chinese, French, and Japanese rule reshaped and modernized Vietnam, but so too did the colonial enterprises of the Vietnamese themselves as they extended their influence southward from the Red River Delta. Over the centuries, numerous kingdoms, dynasties, and states have ruled over -- and fought for -- what is now Vietnam. The bloody Cold War-era conflict between Ho Chi Minh's communist-backed Democratic Republic of Vietnam and the American-backed Republic of Vietnam was only the most recent instance when war divided and transformed Vietnam. A major achievement, Vietnam offers the grand narrative of the country's complex past and the creation of the modern state of Vietnam. It is the definitive single-volume history for anyone seeking to understand Vietnam today.

[A Vietnam War Reader](#) Michael Hunt, 2010-05-06 Nixon: I'd rather use a nuclear bomb. Have you got that ready? Kissinger: Now that, I think, would just be, uh, too much, uh - Nixon: A nuclear bomb, does that bother you? [Kissinger response virtually inaudible] Nixon: I just want you to think big, Henry, for Christ's sake! *A Vietnam War Reader*, edited by Michael Hunt, is a unique collection of shocking lived experiences, directly from the mouths and the pens of those soldiers,

politicians and citizens who lived through the days of the Vietnam War and its bloody aftermath. Including testimony from both American and Vietnamese sources, the Reader contains such diverse documents as Ho Chi Minh's report to the Communist Party, a secret memo from the CIA on the Vietcong and a 1966 letter from a junior officer to his family, describing his growing doubts about the war. Transcripts show the casual conversations and public press conferences that would lead to millions of deaths, revealing the terrible dilemmas faced by those in power, and on the ground. Pham Van Dong: If the United States dares to start a limited war, we will fight it, and will win it. Mao Zedong: Yes, you can win it.

The Vietnam War in American Childhood Joel P. Rhodes,2019 A sort of nebulous sad thing happening forever and ever : childhood socialization to the Vietnam War -- Why couldn't I fight in a nice, simpler war? : comic books and Mad magazine -- Who bombed Santa's workshop? : militarizing play with commercial war toys -- One of the most agonizing years of my life : knowing someone in Vietnam -- Mom tried to make it for us like he wasn't even gone : father separation and reunion -- God bless dad wherever you are : POW/MIA -- How come the flags around town aren't flying at half-mast? : Gold Star children -- Yes, I am My Lai, but My Lai is better than Viet Cong! : Vietnamese adoptees and Amerasians.

War Without Fronts Bernd Greiner,2010-05-05 Shortly before 8 am on 16 March 1968, C Company, 1st Battalion, 20th Regiment, 11th Brigade, Americal Division, on a search-and-destroy mission in Quang Ngai Province, South Vietnam, entered the hamlet of My Lai. By noon more than 400 women, children and old men had been systematically murdered. To this day, the My Lai massacre has remained the most shocking episode of the Vietnam War. Yet this infamous incident was not an exception or aberration. Based on extensive research and unprecedented access to US Army archives, and tracing the responsibility for these atrocities all the way up to the White House and the Pentagon, War Without Fronts reveals the true extent of war crimes committed by American troops in Vietnam and how a war to win hearts and minds soon became a war against civilians.

A Time to Break Silence Dr. Martin Luther King, Jr.,2013-11-05 The first collection of King's essential writings for high school students and young people A Time to Break Silence presents Martin Luther King, Jr.'s most important writings and speeches—carefully selected by teachers across a variety of disciplines—in an accessible and user-friendly volume. Now, for the first time, teachers and students will be able to access Dr. King's writings not only electronically but in stand-alone book form. Arranged thematically in five parts, the collection includes nineteen selections and is introduced by award-winning author Walter Dean Myers. Included are some of Dr. King's most well-known and frequently taught classic works, including "Letter from Birmingham Jail" and "I Have a Dream," as well as lesser-known pieces such as "The Sword that Heals" and "What Is Your Life's Blueprint?" that speak to issues young people face today.

Law and Society in Vietnam Mark Sidel,2008-02-21 This book is a unique analysis of the struggle to build a rule of law in one of the world's most dynamic and vibrant nations - a socialist state that is seeking to build a market economy while

struggling to pursue an ethos of social equality and opportunity. It addresses constitutional change, the assertion of constitutional claims by citizens, the formation of a strong civil society and non-profit sector, the emergence of economic law and the battles over who is benefited by the economic regulation, labor law and the protection of migrant and export labor, the rise of lawyers and public interest law, and other key topics. Alongside other countries, comparisons are made to parallel developments in another transforming socialist state, the People's Republic of China.

Education in Vietnam Jonathan D London,2011 Vietnam is a country on the move. Yet contemporary Vietnam's education system is at a crossroads. Rapid economic growth has permitted rapid increases in the scale and scope of formal schooling, but there is a prevailing sense that the current education system is inadequate to the country's needs. Sunny assessments of Vietnam's "achievements" in the sphere of education have given way to a realization that the country lacks skilled workers. Some have even spoken of an education crisis. These are not abstract concerns. What is occurring in Vietnam's education system today has broad implications for the country's social, political, economic, and cultural development. Featuring contributions from scholars and policy analysts from within and outside Vietnam, *Education in Vietnam* addresses key issues pertaining to the political economy of education, the provision and payment for primary and secondary education, and the development of vocational and tertiary education. The book marks an important contribution to existing understandings of Vietnam's education system and contributes to broader understandings of social conditions and change in contemporary Vietnam.

No Wider War Sergio Miller,2021-05-13 *No Wider War* is the second volume of a two-part exploration of America's involvement in Indochina from the end of World War II to the Fall of Saigon. Following on from the first volume, *In Good Faith*, which told the story from the Japanese surrender in 1945 through America's involvement in the French Indochina War and the initial advisory missions that followed, it traces the story of America's involvement in the Vietnam War from the first Marines landing at Da Nang in 1965, through the traumatic Tet Offensive of 1968 and the gradual Vietnamisation of the war that followed, to the withdrawal of American forces and the final loss of the South in 1975. Drawing on the latest research, unavailable to the authors of the classic Vietnam histories, including recently declassified top secret National Security Agency material, Sergio Miller examines in depth both the events and the key figures of the conflict to present a masterful narrative of America's most divisive war.

Vietnam and the United States Le Thuy Trang,2021-12-27 This book examines the unfolding new relationship between Vietnam and the United States (US) since the end of the Cold War, discussing how the relationship has emerged as one of the

most intriguing facets of the regional geopolitical landscape and how the two countries turned from staunch adversaries to partners within the span of four decades after the end of the Vietnam War. It explains in particular the interplay between international relations factors, such as the US' rivalry with China, and domestic factors in both countries, which, the book argues, are crucial to understanding the changing relationship. Overall, the book provides many insights into Vietnamese foreign policy and a rich context for those seeking to understand the prospects of closer Vietnam-US ties or actually trying to broaden the vistas of bilateral cooperation between Hanoi and Washington.

Love and Honour and Pity and Pride and Compassion and Sacrifice: Penguin Specials Nam Le, 2012-04-23 A young Vietnamese-Australian named Nam, in his final year at the famed Iowa Writers' Workshop, is trying to find his voice on the page. When his father, a man with a painful past, comes to visit, Nam's writing and sense of self are both deeply changed. *Love and Honour and Pity and Pride and Compassion and Sacrifice* is a deeply moving story of identity, family and the wellsprings of creativity, from Nam Le's multi-award-winning collection *The Boat*. 'A tight and densely emotional journey that sucked me in and contained as much power as the lengthy title.' Killings, the Kill Your Darlings blog
