A Practical Guide to Airbrushing Andy Charlesworth, 1990 Although the airbrush has been in use since the early 1900s, there are still comparatively few artists who actually specialize in this area. Indeed, the very mention of the word airbrush is still inclined to induce panic in any art school. Yet if any professional airbrush artist is asked where and how they learnt their skill, their answer is always - self taught. This not only takes hours of precious time, but also ends up costing a lot of money in terms of wasted material.

Airbrushing and Finishing Scale Models Brett Green, 2011-01-01 ALSO AVAILABLE AS AN E-BOOK. Brett Green details the prerequisites of airbrushing, including the different types of spray equipment and air sources available, offering advice on appropriate thinners, paint ratios and air pressures to ensure the most appropriate paint coverage across a range of different airbrushing applications. He then examines various airbrushing techniques across a wide range of models. Ten step-by-step, illustrated studies ranging from weathered military aircraft to pristine, high gloss motor vehicles, science fiction models, fantasy figures, groundwork and buildings will complete this in-depth guide to getting the best results on your models.

Airbrushing Scale Model Aircraft Robin Carpenter, 2018-09-23 *Airbrushing Scale Model Aircraft* is a practical guide to the application and techniques of painting aircraft in any scale. It provides guidance on buying airbrushing equipment, setting it up and operating it safely, and offers detailed explanations of how airbrushes and compressors work, alongside their various components. The reader is taken through basic exercises to learn how to control airbrushing equipment before moving on to more advanced paint application techniques. This book also includes guides to preparation, information on the use of primers, and a handy troubleshooting guide to help identify and resolve common faults. Richly illustrated and filled

with step-by-step guides to paint application for model aircraft, this book is an essential reference and practical guide for anyone looking to airbrush model aircraft in any scale and will be of great interest to plastic modellers, particularly aviation, from beginner to experienced modeller.

Unlabel Marc Ecko,2015-05-05 One of the most provocative entrepreneurs of our time, who started Eckō Unltd out of his parents' garage and turned it into a media empire, Marc Eckō reveals his formula for building an authentic brand or business. Marc Eckō began his career by spray-painting t-shirts in the garage of his childhood home in suburban New Jersey. A graffiti artist with no connections and no fashion pedigree, he left the safety net of pharmacy school to start his own company. Armed with only hustle, sweat equity, and creativity, he flipped a \$5,000 bag of cash into a global corporation now worth \$500 million. Unlabel is a success story, but it's one that shares the bruises, scabs, and gut-wrenching mistakes that every entrepreneur must overcome to succeed. Through his personal prescription for success--the Authenticity Formula--Eckō recounts his many innovations and misadventures in his journey from misfit kid to the CEO. It wasn't a meteoric rise; in fact, it was a rollercoaster that dipped to the edge of bankruptcy and even to national notoriety, but this is an underdog story we can learn from: Ecko's doubling down on the core principles of the brand and his formula for action over talk are all lessons for today's entrepreneurs. Ecko offers a brash message with his inspirational story: embrace pain, take risks, and be yourself. Unlabel demonstrates that, like or not, you are a brand and it's up to you to take control of it and create something authentic. Unlabel is a groundbreaking guide to channeling your creativity, finding the courage to defy convention, and summoning the confidence to act and be competitive in any environment--

Airbrushing 101 The Airbrush Institute LLC,2019-07-29 This is a complete Intro to Airbrushing course in a workbook form. A classroom in a book! There is only so much an airbrush can do - dots, lines, daggers, and shading. We introduce each skill in a logical and exciting way. In our book, each skill is cumulative, so grasping each technique is easier than tackling them out of order as you would if you were self taught and left to sift through a cluster of internet information that is not necessarily correct. Our method is successful, because we have taken the entire contents of an Intro to Airbrushing class,

and made it into a workbook... yes a WORKBOOK! The skills are introduced in an interesting way, and each lesson has a corresponding workbook page that can be practiced over and over until you are proficient at each skill! There has never been anything like this before! With over 50 lessons, you will master each skill and work up to the four beautiful and challenging final projects. We cover all the basics that you need to know to get set up in airbrushing: types of airbrushes, compressors, paint, substrates, etc....even how to properly hold an airbrush and how to clean it. We are so thorough and innovative, we have earned the endorsement of Anest Iwata-Medea, Inc. AND Grex Airbrushes. A course like this costs hundreds of dollars just for tuition if you were to attend a workshop. With travel and lodging, you can spend thousands of dollars for just ONE course. With this book, you get the same content but are free to take it at your own pace. This is an excellent way to introduce airbrushing into your skill set and develop a life-long passion and income source.

Modern Calligraphy Molly Suber Thorpe, 2017-01-16 A perfect gift for anyone who wants to learn the write way to craft calligraphy. Calligraphy is about creating something uniquely beautiful, whether to celebrate a special occasion like marriage or to use every day in the form of stationery. Author Molly Suber Thorpe, an award-winning wedding invitation designer and calligrapher based in Los Angeles, works closely with her international clients to give them the distinctive products they're looking for. In *Modern Calligraphy*, you can learn from this experienced expert how to master this fresh modern lettering style. The first book to teach this bold new style breaks the calligraphy process down into simple steps so anyone can learn to create their own stunning wedding invitations, thank you cards, gift tags, and more. Starting with an overview of the supplies—from paper to ink to pens—you will learn how to form letters, words, and then phrases by following Molly's clear step-by-step instructions, and by practicing with the provided templates. After mastering letter forms using a pointed pen and ink you can take it to the next level by learning how to use watercolor and gouache, or how to digitize your calligraphy. The twenty projects in the book provide lots of inspiration for making your own and are grouped into three sections: weddings, entertainment, and personal stationery. With loads of ideas, practice exercises, and helpful tips, soon you will be turning out gorgeous script calligraphy pieces like the ones featured in wedding magazines and popular websites like Pinterest.
