**Historical Film** Jonathan Stubbs,2013-03-28 Although precise definitions have not been agreed on, historical cinema tends to cut across existing genre categories and establishes an intimidatingly large group of films. In recent years, a lively body of work has developed around historical cinema, much of it proposing valuable new ways to consider the relationship between cinematic and historical representation. However, only a small proportion of this writing has paid attention to the issue of genre. In order to counter this omission, this book combines a critical analysis of the Hollywood historical film with an examination of its generic dimensions and a history of its development since the silent period. Historical Film: A Critical Introduction is concerned not simply with the formal properties of the films at hand, but also the ways in which they have been promoted, interpreted and discussed in relation to their engagement with the past.

**JFK** Oliver Stone,Zachary Sklar,1992 A documented screenplay of the Oliver Stone film, complete with historical annotation, with 340 research notes and 97 reactions and commentaries by Norman Mailer, Tom Wicker, Gerald R. Ford, and many others. It's a lesson in craft to watch JFK on video while reading along, charting what got cut, softened, and rethought. -Entertainment Weekly

**One Night in Miami** Kemp Powers,2016-10-06 Before they were icons they were friends The world would come to know him as Muhammad Ali, but on 25 February 1964, a twenty-two-year-old Cassius Clay celebrated his world heavyweight title not by hitting the town, but in a hotel room with his three closest friends: activist Malcolm X, singer Sam Cooke and American football star Jim Brown. To the outside world, they were American icons. But in that hotel room, here were four men who understood each other and their moment in history in a way that no one else could. With the Civil Rights movement stirring outside, and the melody of A Change is Gonna Come hanging in the air, these men would emerge from that room ready to define a new world. Kemp Powers's tough talking, in-your-face debut play premiered in LA in 2013 where it won the Ted Schmitt Award for outstanding world premiere of a new play along with three LA Drama Critics Circle Awards, four

NAACP Theatre Awards and LA Weekly Theater Awards for playwriting. This edition was originally published to coincide with the European premiere at London's Donmar Warehouse in 2016 where it received critical acclaim. It was later adapted into a feature film, released in January 2021.

*Crafting Short Screenplays That Connect* Claudia H. Johnson, 2012-09-10 The only screenwriting book that includes a DVD that contains performances of the short films and screenplays that are featured in the book! The beauty and power of any story lies in its ability to connect to the reader, listener, or observer. *Crafting Short Screenplays That Connect* is the first screenwriting guide to introduce connection as an essential, although essentially overlooked, aspect of creating stories for the screen and of the screenwriting process itself. Written with clarity and humor, this book teaches the craft of writing short screenplays by guiding the student through carefully focused writing exercises of increasing length and complexity. Eight award-winning student screenplays are included for illustration and inspiration. The text is divided into three parts. Part one focuses on preparing to write by means of exercises designed to help students think more deeply about the screenwriter's purposes; their own unique vision, material and process; and finally about what screenplays are at their simplest and most profound level--a pattern of human change, created from specific moments of change--discoveries and decisions. Part two teaches students how to craft an effective pattern of human change. It guides them through the writing and re-writing of Five (Not So Easy) Pieces--five short screenplays of increasing length and complexity--focusing on a specific principle of dramatic technique: The Discovery, The Decision, The Boxing Match, The Improbable Connection, and The Long Short Screenplay. Part Three presents the five screenplays used throughout the book to illustrate the dramatic principles that have been discussed, and includes interviews with the screenwriters, a look at where they are now and what they are doing, and brief discussion of how each film evolved.

Saul Bass Jan-Christopher Horak, 2014-11-18 Iconic graphic designer and Academy Award-winning filmmaker Saul Bass (1920-1996) defined an innovative era in cinema. His title sequences for films such as Otto Preminger's *The Man with the Golden Arm* (1955) and *Anatomy of a Murder* (1959), Alfred Hitchcock's *Vertigo* (1958) and *North by Northwest* (1959), and Billy Wilder's *The Seven Year Itch* (1955) introduced the idea that opening credits could tell a story, setting the mood for the movie to follow. Bass's stylistic influence can be seen in popular Hollywood franchises from the *Pink Panther* to *James Bond*, as well as in more contemporary works such as Steven Spielberg's *Catch Me If You Can* (2002) and television's *Mad Men*. The first book to examine the life and work of this fascinating figure, *Saul Bass: Anatomy of Film Design* explores the designer's revolutionary career and his lasting impact on the entertainment and advertising industries. Jan-Christopher Horak traces Bass from his humble beginnings as a self-taught artist to his professional peak, when auteur directors like Stanley Kubrick, Robert Aldrich, and Martin Scorsese sought him as a collaborator. He also discusses how Bass incorporated aesthetic concepts borrowed from modern art in his work, presenting them in a new way that made them easily recognizable

to the public. This long-overdue book sheds light on the creative process of the undisputed master of film title design—a man whose multidimensional talents and unique ability to blend high art and commercial imperatives profoundly influenced generations of filmmakers, designers, and advertisers.

*All the Way* Robert Schenkkan, 2014-08-12 This Tony Award-winning, “jaw-dropping political drama” chronicles LBJ’s fight for the Civil Rights Act and includes an introduction by Bryan Cranston (Variety). Winner of the 2014 Tony Award for Best Play, as well as Best Play awards from the New York Drama Critics’ Circle, the Outer Critics Circle, the Drama League, and numerous other awards, *All the Way* is a masterful exploration of politics and power from the Pulitzer Prize-winning playwright Robert Schenkkan. *All the Way* tells the story of the tumultuous first year of Lyndon Baines Johnson’s presidency. Thrust into power following the Kennedy assassination and facing an upcoming election, Johnson is nevertheless determined to end the legacy of racial injustice in America and rebuild it into the Great Society—by any means necessary. In order to pass the landmark 1964 Civil Rights bill, LBJ struggles to overpower an intransigent Congress while also attempting to forge a compromise with Martin Luther King, Jr., and navigate the increasingly fractious Civil Rights Movement. *Breaking Bad* star Bryan Cranston played President Johnson in the play’s celebrated Broadway production, for which he was awarded the Tony Award for Best Actor. In this edition, Cranston provides an illuminating and personal introduction.

*Transfigurations* Asbjørn Grønstad, 2008 In many senses, viewers have cut their teeth on the violence in American cinema: from Anthony Perkins slashing Janet Leigh in the most infamous of shower scenes; to the 1970s masterpieces of Martin Scorsese, Sam Peckinpah and Francis Ford Coppola; to our present-day undertakings in imagining global annihilations through terrorism, war, and alien grudges. *Transfigurations* brings our cultural obsession with film violence into a renewed dialogue with contemporary theory. Grønstad argues that the use of violence in Hollywood films should be understood semiotically rather than viewed realistically; *Transfigurations* thus alters both our methodology of reading

violence in films and the meanings we assign to them, depicting violence not as a self-contained incident, but as a convoluted network of our own cultural ideologies and beliefs.

**I Am Spartacus!** Kirk Douglas, 2012-06-12 A “lively” memoir by the Hollywood legend about the making of Spartacus, with a foreword by George Clooney (Los Angeles Times). One of the world’s most iconic movie stars, Kirk Douglas has distinguished himself as a producer, philanthropist, and author of ten works of fiction and memoir. Now, more than fifty years after the release of his enduring epic Spartacus, Douglas reveals the riveting drama behind the making of the legendary gladiator film. Douglas began producing the movie in the midst of the politically charged era when Hollywood’s moguls refused to hire anyone accused of Communist sympathies. In a risky move, Douglas chose Dalton Trumbo, a blacklisted screenwriter, to write Spartacus. Trumbo was one of the “Unfriendly Ten,” men who had gone to prison rather than testify before the House Un-American Activities Committee about their political affiliations. Douglas’s source material was already a hot property, as the novel Spartacus was written by Howard Fast while he was in jail for defying HUAC. With the financial future of his young family at stake, Douglas plunged into a tumultuous production both on- and off-screen. As both producer and star of the film, he faced explosive moments with young director Stanley Kubrick, struggles with a leading lady, and negotiations with giant personalities, including Sir Laurence Olivier, Charles Laughton, Peter Ustinov, and Lew Wasserman. Writing from his heart and from his own meticulously researched archives, Kirk Douglas, at ninety-five, looks back at his audacious decisions. He made the most expensive film of its era—but more importantly, his moral courage in giving public credit to Trumbo effectively ended the notorious Hollywood blacklist. A master storyteller, Douglas paints a vivid and often humorous portrait in I Am Spartacus! The book is enhanced by newly discovered period photography of the stars and filmmakers both on and off the set.

Necessary Illusions Noam Chomsky, 1989 'A towering intellect ... powerful, always provocative.' Guardian 'A superb polemicist who combines fluency of language with a formidable intellect.' Observer 'Must be read by everyone concerned with public affairs.' Edward Said 'Necessary Illusions explodes the myth of an independent media, intent on uncovering the truth at any cost. Noam Chomsky demonstrates that, in practice, the media in the developed world serve the interests of state and corporate power - despite protestations to the contrary. While individual journalists strive to abide by high standards of professionalism and integrity in their work, their paymasters - the media corporations - ultimately decide what we view, hear and read. Rigorously documented, Necessary Illusions continues Chomsky's celebrated tradition of profoundly insightful indictments of US foreign and domestic institutions and tears away the veneer of propaganda that portrays the media as the servant of free speech and democracy.'

**The Moral Uncanny in Black Mirror** Margaret Gibson, Clarissa Carden, 2020-11-05 This erudite volume examines the moral universe of the hit Netflix show Black Mirror. It brings together scholars in media studies, cultural studies,

anthropology, literature, philosophy, psychology, theatre and game studies to analyse the significance and reverberations of Charlie Brooker's dystopian universe with our present-day technologically mediated life world. Brooker's ground-breaking Black Mirror anthology generates often disturbing and sometimes amusing future imaginaries of the dark side of ubiquitous screen life, as it unleashes the power of the uncanny. This book takes the psychoanalytic idea of the uncanny into a moral framework befitting Black Mirror's dystopian visions. The volume suggests that the Black Mirror anthology doesn't just make the viewer feel, on the surface, a strange recognition of closeness to some of its dystopian scenarios, but also makes us realise how very fragile, wavering, fractured, and uncertain is the human moral compass.

**Documentary in the Digital Age** Maxine Baker, 2006 First Published in 2005. Routledge is an imprint of Taylor & Francis, an informa company.

*The Beatles on Film* Roland Reiter, 2008 This book provides the production history and a contextual interpretation of The Beatles' movies (A Hard Day's Night, Help!, Yellow Submarine, Let It Be) and describes their ability to project the group's image at different stages in their career. It also includes a discussion of all of The Beatles' promotional films and videos, as well as their television cartoon series and the self-produced television special Magical Mystery Tour. Along with The Beatles' feature movies and promos, this analysis also contains documentaries, such as The Compleat Beatles and Anthology, as well as dramatizations of the band's history, such as Backbeat, The Hours and Times, and Two of Us.

Boxer Handsome Anna Whitwham, 2014-01-16 'A genuinely impressive debut. Boxer Handsome does everything great fiction should... revealing a world that most people will never even think about. If you can't see what it is that people need from boxing, or why it somehow persists into the 21st century, then read this' -- Guardian Boxing runs in Bobby's blood. His Irish dad was a boxer. So was his Jewish grandfather. Yanked up by their collars at Clapton Bow Boys Club, taught how to box and stay out of trouble. So Bobby knows he shouldn't be messing in street brawls a week before his big fight with Connor 'the Gypsy Boy', an Irish traveller from around the way. They're fighting over Theresa: a traveller girl with Connor's name all over her. But Bobby's handsome, like his dad; boxer handsome. For Bobby, the ring is everywhere and he can't afford to lose.
