**The Global Economic Crisis** Michel Chossudovsky,Andrew Gavin Marshall,2010 In all major regions of the world, the economic recession is deep-seated, resulting in mass unemployment, the collapse of state social programs and the impoverishment of millions of people. The meltdown of financial markets was the result of institutionalized fraud and financial manipulation. The economic crisis is accompanied by a worldwide process of militarization, a war without borders led by the U.S. and its NATO allies. This book takes the reader through the corridors of the Federal Reserve, into the plush corporate boardrooms on Wall Street where far-reaching financial transactions are routinely undertaken. Each of the authors in this timely collection digs beneath the gilded surface to reveal a complex web of deceit and media distortion which serves to conceal the workings of the global economic system and its devastating impacts on people's lives.

**Sourcebook on Criminal Law** Michael T. Molan,2001 The second edition of the Criminal Law Sourcebook has been significantly expanded in order to provide law students with a comprehensive selection of key materials drawn from law reports,statutes, Law Commission Consultation Papers and Reports, and Home Office publications. The materials reflect the range of topics taught on the vast majority of undergraduate and CPE criminal law modules, and provide a platform from which the reader can embark upon a more critical evaluation of both theory and doctrine. Extensive extracts are included from a number of recent landmark rulings, including decisions by the House of Lords in B v DPP (defence of mistake), R v Smith (objective test for the defence of provocation), R v Hinks (whether the recipient of a gift can be a thief), and R v Powell and Daniels; R v English (scope of accessory liability for murder), and the Court of Appeal's ruling in In Re A (conjoined twins). Recent statutory initiatives that have been incorporated include the Protection from Harassment Act 1997, the Criminal Justice (Terrorism and Conspiracy) Act 1998, and the Sexual Offences (Amendment) Act 2000. The impact of the Human Rights Act 1998, in so far as it relates to substantive criminal law, is also covered. Substantial extracts are provided from all relevant Law Commission and Home Office law reform publications. In addition to the draft Criminal Code Bill, materials have been selected dealing with reform of sexual offences, consent, conspiracy to defraud, deception offences, offences against the person, accessory liability and involuntary manslaughter.

**The Criminal Justice System** Michael K. Hooper,Ruth Masters,2017 Offers clear, comprehensive and authoritative treatment of all aspects of the criminal justice system. The Criminal Justice System, completely updated, covers the most

important aspects of criminal justice in the United States. It details the commission and frequency of crimes through the investigation, apprehension, prosecution, and punishment of wrongdoers.
