Association Research & Education Association (REA) is an organization of educators, scientists, and engineers specializing in  
various academic fields. Founded in 1959 with the purpose of disseminating the most recently developed scientific  
information to groups in industry, government, high schools, and universities, REA has since become a successful and highly  
respected publisher of study aids, test preps, handbooks, and reference works. REA's Test Preparation series includes study  
guides for all academic levels in almost all disciplines. Research & Education Association publishes test preps for students  
who have not yet completed high school, as well as high school students preparing to enter college. Students from countries  
around the world seeking to attend college in the United States will find the assistance they need in REA's publications. For  
college students seeking advanced degrees, REA publishes test preps for many major graduate school admission  
examinations in a wide variety of disciplines, including engineering, law, and medicine. Students at every level, in every field,  
with every ambition can find what they are looking for among REA's publications. While most test preparation books present  
practice tests that bear little resemblance to the actual exams, REA's series presents tests that accurately depict the official  
exams in both degree of difficulty and types of questions. REA's practice tests are always based upon the most recently  
administered exams, and include every type of question that can be expected on the actual exams. REA's publications and  
educational materials are highly regarded and continually receive an unprecedented amount of praise from professionals,  
instructors, librarians, parents, and students. Our authors are as diverse as the fields represented
