**Sense and Solidarity** Jean Drèze, 2019-02-14 This is an open access title available under the terms of a CC BY-NC-ND 4.0 licence. It is free to read at Oxford Scholarship Online and offered as a free PDF download from OUP and selected open access locations. Jean Drèze has a rare and distinctive understanding of the Indian economy and its relationship with the social life of ordinary people. He has travelled widely in rural India and done fieldwork of a kind that few economists have attempted. In *Sense and Solidarity* Drèze offers unique insight on issues of hunger, inequality, conflict, and the evolution of social policy in India over roughly the past two decades. Historic legislations and initiatives of the period, relating for instance to the right to food and the right to work, are all scrutinised and explained, as are the fierce debates that often accompanied them. Jholawala has become a disparaging term for activists in the Indian business media. This book affirms the learning value of collective action combined with sound economic analysis. In his detailed introduction, the author argues for an approach to development economics where research and action are complementary and interconnected. *Sense and Solidarity* spans the gamut of critical social policies, from education and health to poverty, nutrition, child care, corruption, employment, and social security. There are also less predictable topics such as the caste system, corporate power, nuclear disarmament, the Gujarat model, the Kashmir conflict, and universal basic income. *Sense and Solidarity* enlarges the boundaries of social development towards a broad concern with the sort of society we want to create.

*The Wild Dead* Carrie Vaughn,2018-07-17 “The Wild Dead is a tightly plotted mind-thrill . . . This is the feminist dystopian mystery series you didn’t know you needed.” — Meg Elison, Philip K. Dick Award-winning author of *The Road to Nowhere* series Mysteries and murder abound in the sequel to the Philip K. Dick Award-winning *Bannerless* A century after environmental and economic collapse, the people of the Coast Road have rebuilt their own sort of civilization, striving not to make the mistakes their ancestors did. They strictly ration and manage resources, including the ability to have children. Enid of Haven is an investigator, who with her new partner, Teeg, is called on to mediate a dispute over an old building in a far-flung settlement at the edge of Coast Road territory. The investigators’ decision seems straightforward — and then the body of a young woman turns up in the nearby marshland. Almost more shocking than that, she’s not from the Coast Road, but from one of the outsider camps belonging to the nomads and wild folk who live outside the Coast Road communities. Now one of them is dead, and Enid wants to find out who killed her, even as Teeg argues that the murder isn’t their problem. In a dystopian future of isolated communities, can our moral sense survive the worst hard times? “An intriguing mystery made compelling by its post-apocalyptic setting . . . Another great read from Vaughn.” — S. M. Stirling, New York Times best-selling author of *The Sky-Blue Wolves* and *Dies the Fire* A Mariner Original A John Joseph Adams Book
