

Past Ib Exam Papers And Mark Schemes Sofamiore

Rochelle C. Dreyfuss, Katherine J. Strandburg

Milgrim on Trade Secrets Roger M. Milgrim, 1967

The Law and Theory of Trade Secrecy Rochelle C. Dreyfuss, Katherine J. Strandburg, 2011 This timely Handbook marks a major shift in innovation studies, moving the focus of attention from the standard intellectual property regimes of copyright, patent, and trademark, to an exploration of trade secrecy and the laws governing know-how, tacit knowledge, and confidential relationships. The editors introduce the long tradition of trade secrecy protection and its emerging importance as a focus of scholarly inquiry. The book then presents theoretical, doctrinal, and comparative considerations of the foundations of trade secrecy, before moving on to study the impact of trade secrecy regimes on innovation and on other social values. Coverage includes topics such as sharing norms, expressive interests, culture, politics, competition, health, and the environment. This important Handbook offers the first modern exploration of trade secrecy law and will strongly appeal to intellectual property academics, and to students and lawyers practicing in the intellectual property area. Professors in competition law, constitutional law and environmental law will also find much to interest them in this book, as will innovation theorists.

Justifying Intellectual Property Robert P. Merges, 2011-06-13 In a sophisticated defense of intellectual property, Merges draws on Kant, Locke, and Rawls to explain how IP rights are based on a solid ethical foundation and make sense for a just society. He also calls for appropriate boundaries: IP rights are real, but they come with real limits.

Cases and Materials on Trade Secret Law Elizabeth A. Rowe, Sharon K. Sandeen, 2012 This, the first casebook in the United States devoted exclusively to trade secret law, is challenging yet user-friendly to students. In order to facilitate understanding of the material, the book is designed to be used by law and business students with no prior background in intellectual property law. Throughout, the authors have made conscious and thoughtful decisions about the way in which the information is presented and organized. The general organization follows a logical analytical approach to understanding trade secret law, with the chapters progressing from proving the essential elements of a trade secret claim to defensive tactics and remedies, managing trade secrets, and criminal actions. It also addresses employment, management, and international issues.

Getting the books **Past Ib Exam Papers And Mark Schemes Sofamiore** now is not type of inspiring means. You could not without help going like book buildup or library or borrowing from your friends to approach them. This is an agreed simple means to specifically acquire guide by on-line.
