Modernism: Representations of National Culture Ahmet Ersoy, Maciej Gęrczyński, Vangelis Kechriotis, 2010-01-01

Presentations of National Cultures. Fifty-one texts illustrate the evolution of modernism in the east-European region. Essays, articles, poems, or excerpts from longer works offer new opportunities of possible comparisons of the respective national cultures, from the different ideological approaches and finessing projects of how to create the modern state liberal, conservative, socialist and others to the literary and scientific attempts at squaring the circle of individual and collective identities.

The Rich Employee James Altucher, 2015-09-01 Not everyone is cut out to be an entrepreneur. Many of us are happy to have a job, we just want a better job, one that fulfills us, makes us wealthy, and brings us satisfaction. Still, income is now permanently going down versus inflation for the average employee. Industry, knowledge, and management are all being outsourced cheaply to other countries or to technology. Many people mistakenly think that the solution is entrepreneurship. That entrepreneurship is the pathway to riches. This is not true. Being an entrepreneur does have great upside but also it has a well-known rate of failure of 85%. There is no way to predict your way out of that 85%. 85% of ALL startups fail. The solution is to become a rich employee with the mindset and techniques described in this book. This is the first book ever to detail how one can become a The Rich Employee in our times. And there is more: companies in this new century will only succeed if they encourage their employees to develop a Rich Employee mindset. Written by the author of The Choose Yourself Guide to Wealth which USA Today has called One of the 12 Best Business Books of All Time and also the author of WSJ and USA Today bestseller Choose Yourself which Forbes recently called one of the Top Five Books Every Entrepreneur Must Read, this book gives you the tools to find satisfaction, meaning, and true wealth as a rich employee.

Kanuni i Lekë Dukagjinit Lekë Dukagjini, 1989 THE CODE OF LEKE DUKAGJINI is a great cultural treasure, comparable to the chapters of The Old Testament. It provides deep insights into the ancient society of the Albanians, their somber dignity & their magnificent sense of honor.--David Binder, The New York Times. This legal system was established & passed on to future generations as a common law by Leke Dukagjini, a co-fighter of the legendary Skenderbeg. The 'Besa' or the 'word of honor' as stated in THE CODE OF LEKE DUKAGJINI which means peace & protection to those whom it is given, has become today an important fighting tool in the political struggle of Kosovo's Albanians against Serb oppression.--Victor Meier, The

Frankfurter Allgemeine Zeitung. The legal Code of the Albanians known by them for a thousand years, is one of the most original in the history of mankind. Among the basic pillars of this code are the equality of men before the code & the non-abuse of justice. The entire essence of the legal code of the Albanians is an unparalleled rigorous respect for this basic principle: non-violation of the dignity of a man- his honor, home, & life.--Ismail Kadare, Albanian writer.

Highland Lute Gjergj Fishta,2017-12-20 Epic poem from Albanian author Gjergj Fishta. First of three volumes translated into English.

Five Albanian Villages Antonio Lauria,Valbona Flora,Kamela Guza,2020-12-27 This book is the result of a research project designed and carried out at the Department of Architecture, University of Florence. This research was based on the transfer of knowledge from members of the Albanian Diaspora in Italy (university students, young architects and researchers) to their home country. This unique process blazed a trail in the Albania-related studies by creating a methodology, which could be replicated not only in Albanian rural contexts, but also elsewhere. The book constitutes a structured tool for generating sustainable and socially inclusive territorial development processes in five lesser-known Albanian cultural sites. Their tangible and intangible cultural heritage was seen as a driving factor for triggering development processes aimed at improving the inhabitants' quality of life and strengthening local identity and social networks. Through concrete proposals and strategies, the book offers scenarios and solutions capable of enhancing the potential of each village and, at the same time, counteracting the effects of land abandonment that so often characterise them.

Explosive Calisthenics Paul Wade,2023-04-02 How to Lead, Survive and Dominate PhysicallyâBy Becoming The Complete Package As an Athleteâ; Explosive Calisthenics is for those who want to be winners and survivors in the game of lifeâfor those who want to be the Complete Package: powerful, explosive, strong, agile, quick and resilient. Traditional martial arts have always understood this necessity of training the complete packageâwith explosive power at an absolute premium. And resilience is revered: the joints, tendons, muscles, organs and nervous system are ALL conditioned for maximum challenge.

Albanian Literature Robert Elsie,2005-07-29 The tender plant of Albanian literature grew in a rocky soil. It was late to evolve and its development, indeed its very existence, was threatened in many periods. Albanian Literature: A Short History tells the story of the survival and growth of Albanian creative writing beginning with the earliest thirteenth century texts of Theodor of Shkodra, tracing the development of the modern literature of Buzuku, Budi and Bogdani, the incorporation of the Muslim influences of Frakulla and Kycyku and continuing with the works of Cajupi and Kadare during the reign of King Zog and the Hoxha administration. A unique book that illuminates an under-researched subject, Albanian Literature is an essential reference guide for all those interested in Balkan cultures, in comparative literature and in European cultural history in general.

Mediterranean Modernism Adam J. Goldwyn,Renée M. Silverman,2016-08-19 This book explores how Modernist movements all across the Mediterranean basin differed from those of other regions. The chapters show how the political and economic turmoil of a period marked by world war, revolution, decolonization, nationalism, and the rapid advance of new technologies compelled artists, writers, and other intellectuals to create a new hybrid Mediterranean Modernist aesthetic which sought to balance the tensions between local and foreign, tradition and innovation, and colonial and postcolonial.

A Girl in Exile Ismail Kadare,2019-01-22 A New York Times Book Review Editors' Choice "Erotic, paranoiac and lightly fantastical." —The Wall Street Journal "Ismail Kadare's readers are astonished every year when the Nobel committee overlooks him. . . . A Girl in Exile, published in Albanian in 2009, may rekindle the worldwide hopes." —The New York Times Book Review During the bureaucratic machinery of Albania's 1945-1991 dictatorship, playwright Rudian Stefa is called in for questioning by the Party Committee. A girl—Linda B.—has been found dead, with a signed copy of his latest book in her possession. He soon learns that Linda's family, considered suspect, was exiled to a small town far from the capital. Under the influence of a paranoid regime, Rudian finds himself swept along on a surreal quest to discover what really happened to Linda B. "At a time when parts of the world are indulging nostalgia for communism, Kadare's novel confronts the infuriating impossibility of art in an autocratic, anti-individualist system." —The Washington Post "A Girl in Exile confirms Kadare to be the best writer at work today who remembers—almost aggressively so, refusing to forget—European totalitarianism." —The New Republic

Studies in Modern Albanian Literature and Culture Robert Elsie,1996 This text examines contemporary Albanian literature and culture from an outsider's perspective, bringing major Albanian literary works to a wide audience.

Developing Cultural Identity in the Balkans Raymond Detrez,Pieter Plas,2005 The fundamental contrast between convergent and divergent tendencies in the development of Balkan cultural identity can be seen as an important determinative both in the contradictory self-images of people in the Balkans and in the often biased perceptions of Balkan societies held by external observers, past and present. In bringing together case studies from such heterogeneous lines of research as linguistics, anthropology, political, literary and cultural history, each presenting insightful analyses of micro- as well as macro-level aspects of identity construction in the Balkans, this collection of essays provides a forum for the elucidation and critical evaluation of an intriguing paradox which continues to characterize the cultural situation in the

Balkans and which, moreover, is of undeniable relevance for our understanding of recent political developments. As such, it also provides a window into the actual state of scholarly interest in the rich interdisciplinary field of Balkan studies. This book contains a selection of papers presented at the international conference «Developing Cultural Identity in the Balkans: Convergence vs. Divergence», organized by the Center for Southeast European Studies at Ghent University on 12 and 13 December 2003 in Ghent.

The Albanian National Awakening Stavro Skendi, 2015-12-08 Professor Skendi, a native of Albania, traces the progress and setbacks of Albania's long struggle for national unity during this least-known period of its intricate history. He discusses the heritage of its people and examines in detail the developments that led to Albanian independence: national resistance to the decisions of the Congress of Berlin, later opposition to Turkey, and the struggle between the Albanians and the Young Turks. Consideration is given to such internal problems as geographic configuration, religious and political division, and to such external problems as Italo-Austrian rivalry, political interference from neighboring states, and the involvement of great powers. Originally published in 1967. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

The Fall of the Stone City Ismail Kadare, 2012-08-30 Shortlisted for the Independent Foreign Fiction Prize 2013. In September 1943, Nazi troops advance on the ancient gates of Gjirokastër, Albania. The very next day, the Germans vanish without a trace. As the townsfolk wonder if they might have dreamt the events of the previous night, rumours circulate of a childhood friendship between a local dignitary and the invading Nazi Colonel, a reunion in the town square and a fateful dinner party that would transform twentieth-century Europe. A captivating novel of resistance in a dictatorship, and steeped in Albanian folklore, *The Fall of the Stone City* shows Kadare at the height of his powers.

Tales from Old Shkodra Robert Elsie, 2015-02-09 In the 1920s and 1930s, the writers of Shkodra in northern Albania were profoundly aware of the misery around them, and it is perhaps the extreme diversity of their social environment which furthered their talents. They looked to the West and longed for a new, European Albania, yet they found themselves in an archaic society, one so bound by the force of tradition and custom that progress was impossible. Their writings reflected and gave full expression to this dilemma. The present collection brings together a number of well-known short stories and prose sketches by two of the finest Albanian writers of the first half of the twentieth century: Ernest Koliqi and Migjeni. These two men of Shkodra, one raised as a Catholic and the other as Orthodox, could scarcely have been more different.

Modernism Ahmet Ersoy, Maciej Górný, Vangelis Kechriotis, 2010-10-10 This is the second part of the third volume of the

four-volume series, a daring project of CEU Press, presenting the most important texts that triggered and shaped the processes of nation-building in the many countries of Central and Southeast Europe. The aim is to confront 'mainstream' and seemingly successful national discourses with each other, thus creating a space for analyzing those narratives of identity which became institutionalized as "national canons." After the volumes focusing on the late enlightenment and the emergence of national romanticism, two books elaborate on the phenomenon of modernism in eastern Europe. Modernism is conceived as a counterpart to modernity, the first belonging to the periphery, the latter to the developed West. Fifty-one texts illustrate the evolution of modernism in Eastern Europe. Essays, articles, poems, or excerpts from longer works offer new opportunities of possible comparisons of the respective national cultures. The volume focuses on the literary and scientific attempts at squaring the circle of individual and collective identities. Often outspokenly critical of the romantic episteme, these texts reflect a more sophisticated and critical stance than in the preceding periods. At the same time, rather than representing a complete rupture, they often continue and confirm the romantic identity narratives, albeit with "other means". The volume also presents the ways national minorities sought to legitimize their existence with reference to their cultural and institutional peculiarity.

The Unwritten Law in Albania Margaret Hasluck, 2015-12-03 Originally published posthumously in 1954, this book presents a study of the unwritten law of the Albanian mountain tribes by the renowned Scottish anthropologist, classical scholar and ethnographer Margaret Hasluck (1885-1948). In recording the legal aspects of tribal life, Hasluck also provides detailed information on the everyday existence of the tribes. Four chapters are given to the vendetta system, describing minutely the obligations of vengeance, the manner of conducting a feud, the degrees of expiation and the ways of ending. Other chapters give information about the daily life of the household; the laws governing the division of property; the administrative hierarchy; oaths, verdicts and penalties; theft and murder. This book will be of value to anyone with an interest in the writings of Hasluck, anthropology and the Albanian mountain tribes.

Big Mushy Happy Lump Sarah Andersen, 2017-03-07 Sarah Andersen's hugely popular, world-famous Sarah's Scribbles comics are for those of us who boast bookstore-ready bodies and Netflix-ready hair, who are always down for all-night reading-in-bed parties and extremely exclusive after-hour one-person music festivals. In addition to the most recent Sarah's Scribbles fan favorites and dozens of all-new comics, this volume contains illustrated personal essays on Sarah's real-life experiences with anxiety, career, relationships and other adulthood challenges that will remind readers of Allie Brosh's *Hyperbole and a Half* and Jenny Lawson's *Let's Pretend This Never Happened*. The same uniquely frank, real, yet humorous and uplifting tone that makes Sarah's Scribbles so relatable blooms beautifully in this new longer form.
