Tarot Readings Jennifer E Reynolds, 2014-06-04 Tarot Readings: Book of Combinations presents a unique perspective in regards to the definitions of tarot. It will have you saying, I never knew you could read tarot like this. You will be able to provide yourself and your clients with practical and useful information relevant to today's world. You might be surprised to learn that you can read on pets, on world news, even ancient archaeologist sites. There literally is nothing that you cannot read on, including persons or events past, present, and future. And here is why... The Science of Quantum physics, specifically quantum entanglement (Bells' Theorem) describes how at the most fundamental level all things are connected and that information is communicated faster than light. This theory explains how tarot readings are not only possible but why they can have such a high degree of accuracy in the hands of a properly trained individual. Tarot is much like remote viewing in that they are a tool that allows us to bypass our conscious mind in order to access the greater mind to retrieve the desired information. It is within this greater mind that we all move and have our being. This greater mind has been called many things; the quantum field, the Akaschi records, or cosmic consciousness. Luckily, you don't have to understand this theory in

order to access this field and excel as a Tarot reader. Included are 628 all-important two card and three card combination examples to help you learn and a 65 question quiz with answer key. This book is illustrated with the beautiful Robin Wood tarot and is compatible with the Rider Waite deck .

The Tarot Court Cards Kate Warwick-Smith, 2003-05-05 A detailed interpretive guide to the 16 "face" cards of the tarot that reveals their core identities and special purpose in a person's life. * The first tarot book to focus exclusively on the court cards. * Shows how the "face" cards can clearly and accurately reveal the specific nature of the support-based relationships in one's life. * Includes tarot spreads and potent techniques for contacting these powerful archetypes through meditation and pathworking. The Tarot Court Cards gives fresh meaning to the 16 "face" cards of the tarot--the King, Queen, Knight, and Page. Using the Kabbalah, she reveals the core identities of the Minor Arcana's court cards and their special purposes as supporters, detractors, inner resources, and challenges in our inner and outer life. She shows how the court cards can be used to identify your true tribe or clan--the specific people who support you in unique ways, such as your mentor, champion, protector, or healer. She also shows how the court cards can help you identify your inner resources and challenges--insight, discipline, passion, or greed--that enhance or hinder your efforts in the world. This book is the official textbook for the House of White mystery school and it will take your readings to a level of mastery that puts you head and shoulders above most Tarot readers you will ever meet. There is no guesswork involved with the Tarot, or this book. There are time-tested techniques that work, and it is time that you learn and use them. Advanced Tarot Secrets picks up from where The Easiest Way to Learn the Tarot-Ever!! left off. These games help you understand how the Tarot reflects the intricacies of daily life: In a simple ten-card spread you can see more details than three other people reading the same spread. Next come advanced spread basics and advanced spread techniques. Here you apply everything you learn in the exercises and games: Quick and easy ways to clear your deck between clients (useful at parties or working psychic fairs and hotlines) Why every spread needs a protagonist How to instantly verify the accuracy of your spread (no more bad readings-ever) How to modify your favorite spread to meet your needs for each reading Hidden spreads, spread patterns and themes, the four passes through a spread every reading should have When to use clarification or expansion cards, how to read cards face down-and why How to give accurate no-spread readings And several other advanced techniques Once you understand all of these things, you can dowse with the Tarot, work on archaeological expeditions, work for treasure hunters, work with stock analysts to predict economic trends, remote view (we don't call it spying), solve any problem, design your own spreads and decks, and charge a LOT more for your services. The Way of Tarot Alejandro Jodorowsky, Marianne Costa, 2009-11-17 Filmmaker Alejandro Jodorowsky's insights into the Tarot as a spiritual path • Works with the original Marseille Tarot to reveal the roots of Western wisdom • Provides the key to the symbolic language of the Tarot's "nomadic cathedral" • Transforms a simple divination tool into a vehicle for self-realization and healing Alejandro Jodorowsky's profound study of the Tarot, which began in the early 1950s, reveals it to be far more than a simple divination device. The Tarot is first and foremost a powerful instrument of self-knowledge and a representation of the structure of the soul. The Way of Tarot shows that the entire deck is structured like a temple, or a mandala, which is both an image of the world and a representation of the divine. The authors use the sacred art of the original Marseille Tarot--created during a time of religious tolerance in the 11th century--to reconnect with the roots of the Tarot's Western esoteric wisdom. They explain that the Tarot is a "nomadic cathedral" whose parts--the 78 cards or "arcana"--should always be viewed with an awareness of the whole structure. This understanding is essential to fully grasp the Tarot's hermetic symbolism. The authors explore the secret associations behind the hierarchy of the cards and the correspondences between the suits and energies within human beings. Each description of the Major Arcana includes key word summaries, symbolic meanings, traditional interpretations, and a section where the card speaks for itself. Jodorowsky and Costa then take the art of reading the Tarot to a depth never before possible. Using their work with Tarology, a new psychological approach that uses the symbolism and optical language of the Tarot to create a mirror image of the personality, they offer a powerful tool for self-realization, creativity, and healing.
