

The Discipline Of Odette

Dan Mayur

The Syllables of Time Teresa Whittington, 2017-07-05 This study reveals reading to be one of the main activities to occupy the inhabitants of the world of Marcel Proust's novel *A la recherche du temps perdu*. Characters do not just read books but have access to the journals and newspapers of a rapidly expanding print industry. They receive letters and postcards from family and friends. The posters of a nascent advertising industry tempt them to spend an evening at the theatre or a holiday by the sea, and new forms of communication, such as telegraphy, enter their lives and require new strategies of deciphering. All human activity is glossed by means of a series of metaphors of reading, extending the readers' domain beyond the written text. Through a series of illuminating analyses, Teresa Whittington shows how this web of references builds into a specifically Proustian account of both the outer, social context of reading and the inner, psychological world of the reader. Proust offers a contribution to the history of reading in the France of his own lifetime and suggests that reading is the very condition of the writing of his fiction.

Queer Theory and Communication Gust Yep, 2014-06-17 Get a queer perspective on communication theory! *Queer Theory and Communication: From Disciplining Queers to Queering the Discipline(s)* is a conversation starter, sparking smart talk about sexuality in the communication discipline and beyond. Edited by members of "The San Francisco Radical Trio," the book integrates current queer theory, research, and interventions to create a critical lens with which to view the damaging effects of heteronormativity on personal, social, and cultural levels, and to see the possibilities for change through social and cultural transformation. *Queer Theory and Communication* represents a commitment to positive social change by imagining different social realities and sharing ideas, passions, and lived experiences. As the communication discipline begins to recognize queer theory as a vital and viable intellectual movement equal to that of Gay and Lesbian studies, the opportunity is here to take current queer scholarship beyond conference papers and presentations. *Queer Theory and Communication* has five objectives: 1) to integrate and disseminate current queer scholarship to a larger audience-academic and nonacademic; 2) to examine the potential implications of queer theory in human communication theory and research in a variety of contexts; 3) to stimulate dialogue among queer scholars; 4) to set a preliminary research agenda; and 5) to explore the implications of the scholarship in cultural politics and personal empowerment and transformation. *Queer Theory and Communication* boasts an esteemed panel of academics, artists, activists, editors, and essayists. Contributors include: John

Nguyet Erni, editor of Asian Media Studies and Research & Analysis Program Board member for GLAAD Joshua Gamson, author of Freaks Talk Back: Tabloid Talk Shows and Sexual Nonconformity Sally Miller Gerahart, author, activist, and actress Judith Halberstam, author of Female Masculinity David M. Halperin, author of How to Do the History of Homosexuality E. Patrick Johnson, editor of Black Queer Studies Kevin Kumashiro, author of Troubling Education: Queer Activism and Antioppressive Pedagogy Thomas Nakayama, co-editor of Whiteness: The Communication of Social Identity A. Susan Owen, author of Bad Girls: Cultural Politics and Media Representations of Transgressive Women William F. Pinar, author of Autobiography, Politics, and Sexuality, and editor of Queer Theory in Education Ralph Smith, co-author of Progay/antigay: The Rhetorical War over Sexuality Queer Theory and Communication: From Disciplining Queers to Queering the Discipline(s) is an essential addition to the critical consciousness of anyone involved in communication, media studies, cultural studies, gender studies, and the study of human sexuality, whether in the classroom, the boardroom, or the bedroom.

Global Nomad Dan Mayur, 2020-11-12 Global Nomad provides fascinating glimpses of Dan Mayur's peripatetic life. In a lifetime of exploring the globe, he has traveled to over seventy countries visiting some of them multiple times. He is Indian by birth, American by education, and global nomad by choice. "The world is a mirror," he says, "it reflects you. If you are good, it is good to you." This book is an entertaining and informative rumination of a few of his selected travels covering parts of India, Australia, Bali, Cambodia, Thailand, Egypt, Greece, Russia, Peru, Chile, and Argentina. In the delightful narration of his experiences he creates vivid word pictures in the reader's mind with his trademark lucid language using sensitivity, wit, humor, and an unmistakable philosophic undertone. Global Nomad will appeal to a wide audience of students, teachers, and travelers, indeed anybody with the slightest curiosity about our beautiful world.

Life in the Time of Oil Lori Leonard, 2016-04-04 "[A] tale of imperial hubris, rough and tumble politics, and the duplicity of what passes as corporate social responsibility . . . important and compelling." —Michael Watts, University of

California, Berkeley *Life in the Time of Oil* examines the Chad-Cameroon Petroleum Development and Pipeline Project—a partnership between global oil companies, the World Bank, and the Chadian government that was an ambitious scheme to reduce poverty in one of the poorest countries on the African continent. Key to the project was the development of a marginal set of oilfields that had only recently attracted the interest of global oil companies who were pressed to expand operations in the context of declining reserves. Drawing on more than a decade of work in Chad, Lori Leonard shows how environmental standards, grievance mechanisms, community consultation sessions, and other model policies smoothed the way for oil production, but ultimately contributed to the unraveling of the project. Leonard offers a nuanced account of the effects of the project on everyday life and the local ecology of the oilfield region as she explores the resulting tangle of ethics, expectations, and effects of oil as development.

Comprehensive Structural Integrity Ian Milne, R. O. Ritchie, B.L. Karihaloo, 2003-07-25 The aim of this major reference work is to provide a first point of entry to the literature for the researchers in any field relating to structural integrity in the form of a definitive research/reference tool which links the various sub-disciplines that comprise the whole of structural integrity. Special emphasis will be given to the interaction between mechanics and materials and structural integrity applications. Because of the interdisciplinary and applied nature of the work, it will be of interest to mechanical engineers and materials scientists from both academic and industrial backgrounds including bioengineering, interface engineering and nanotechnology. The scope of this work encompasses, but is not restricted to: fracture mechanics, fatigue, creep, materials, dynamics, environmental degradation, numerical methods, failure mechanisms and damage mechanics, interfacial fracture and nano-technology, structural analysis, surface behaviour and heart valves. The structures under consideration include: pressure vessels and piping, off-shore structures, gas installations and pipelines, chemical plants, aircraft, railways, bridges, plates and shells, electronic circuits, interfaces, nanotechnology, artificial organs, biomaterial prostheses, cast structures, mining... and more. Case studies will form an integral part of the work.

Apollo's Angels Jennifer Homans, 2013-01-03 *Apollo's Angels* is a major new history of classical ballet. It begins in the courts of Europe, where ballet was an aspect of aristocratic etiquette and a political event as much as it was an art. The story takes the reader from the sixteenth century through to our own time, from Italy and France to Britain, Denmark, Russia and contemporary America. The reader learns how ballet reflected political and cultural upheavals, how dance and dancers were influenced by the Renaissance and French Classicism, by Revolution and Romanticism, by Expressionism and Bolshevism, Modernism and the Cold War. Homans shows how and why 'the steps' were never just the steps: they were a set of beliefs and a way of life. She takes the reader into the lives of dancers and traces the formal evolution of technique, choreography and performance. Her book ends by looking at the contemporary crisis in ballet now that 'the masters are dead and gone' and

offers a passionate plea for the centrality of classical dance in our civilization. Apollo's Angels is a book with broad popular appeal: beautifully written and illustrated, it is essential reading for anyone interested in history, culture and art.

Code Name: Lise Larry Loftis, 2019-01-15 NATIONAL BESTSELLER A Goodreads Choice Awards semifinalist Florida Book Awards Silver Medalist Featured in The New York Times, The Atlantic, Time, New York Newsday, and on Today! Best Nonfiction Books to Read in 2019—Woman's Day The Best Nonfiction Books Coming Out This Year—BookBub "A nonfiction thriller."—The Wall Street Journal From New York Times and international bestselling author of the "gripping" (Michael Connelly, #1 New York Times bestselling author) Into the Lion's Mouth comes the extraordinary true story of Odette Sansom, the British spy who operated in occupied France and fell in love with her commanding officer during World War II—perfect for fans of Unbroken, The Nightingale, and Code Girls. The year is 1942, and World War II is in full swing. Odette Sansom decides to follow in her war hero father's footsteps by becoming an SOE agent to aid Britain and her beloved homeland, France. Five failed attempts and one plane crash later, she finally lands in occupied France to begin her mission. It is here that she meets her commanding officer Captain Peter Churchill. As they successfully complete mission after mission, Peter and Odette fall in love. All the while, they are being hunted by the cunning German secret police sergeant, Hugo Bleicher, who finally succeeds in capturing them. They are sent to Paris's Fresnes prison, and from there to concentration camps in Germany where they are starved, beaten, and tortured. But in the face of despair, they never give up hope, their love for each other, or the whereabouts of their colleagues. In Code Name: Lise, Larry Loftis paints a portrait of true courage, patriotism, and love—of two incredibly heroic people who endured unimaginable horrors and degradations. He seamlessly weaves together the touching romance between Odette and Peter and the thrilling cat and mouse game between them and Sergeant Bleicher. With this amazing testament to the human spirit, Loftis proves once again that he is adept at writing "nonfiction that reads like a page-turning novel" (Parade).

Between Males Fiona Walker, 2009-08-13 When you have it all except true love, you still want more. Odette, who looks like Linda Lusardi in a DKNY suit and has more zeros at the end of her bank balance than an astronomer's altimeter, decides to throw up the high-powered job that doesn't leave time for relationships and start her own club/restaurant. But the venture seems doomed before it has even begun, cursed by a seductive sleeping partner who sleeps around, and a rival chef who is as gorgeous as Jean-Christophe Novelli and as temperamental as Marco Pierre White. When a tall, bullying South African game ranger joins her law suitors and triples her interest, Odette plots their downfall. If revenge is a dish best eaten cold, where better to serve it than in a restaurant? But as she jumps from the frying pan into the fire, she might end up getting her heart broken, her fingers burnt and her goose cooked . . .

Seeking Provence Nicholas Woodsworth, 2008-09-01 A region steeped in fable and myth, Provence is a cultural crossroads of European history. A source of inspiration to artists, poets, and troubadours, it is now an enviable refuge for the

wealthy and fashionable. Nicholas Woodsworth, who was born in Ottawa, Canada, married into a Provençal family and has lived in the region for decades. Lovingly recounting vivid details of life in Provence, he provides here a welcome antidote to the typical rosé-tinted, romantic view of it being a perennially sunny destination for tourists. The true Provençaux have always lived a hard life close to the land and the rhythms of the seasons. And it is in the revelation and understanding of these lives, of the Provençal people, that the truths of the region are to be found. As much a study of Provençal culture and history as a memoir and travel book, this is a deep and soulful investigation into a way of life that remains very distinct from that of the rest of France.

She had no idea her photo was online. But his check's been cashed and he's come to collect his prize . . . A weekend in Greece. With her. Alone. Their relationship might be fake, but Emmie's trepidation is all too real!

Antiracism in Ballet Teaching Kate Mattingly, Iyun Ashani Harrison, 2023-12-11 This new collection of essays and interviews assembles research on teaching methods, choreographic processes, and archival material that challenges systemic exclusions and provides practitioners with accessible steps to creating more equitable teaching environments, curricula, classes, and artistic settings. *Antiracism in Ballet Teaching* gives readers a wealth of options for addressing and dismantling racialized biases in ballet teaching, as well as in approaches to leadership and choreography. Chapters are organized into three sections - Identities, Pedagogies, and Futurities - that illuminate evolving approaches to choreographing and teaching ballet, shine light on artists, teachers, and dancers who are lesser known/less visible in a racialized canon, and amplify the importance of holistic practices that integrate ballet history with technique and choreography. Chapter authors include award-winning studio owners, as well as acclaimed choreographers, educators, and scholars. The collection ends with interviews featuring ballet company directors (Robert Garland and Alonzo King), world-renowned scholars (Clare Croft, Thomas F. DeFrantz, Brenda Dixon Gottschild), sought-after choreographers (Jennifer Archibald and Claudia Schreier), and beloved educators (Keesha Beckford, Tai Jimenez, and Endalyn Taylor). This is an essential resource for anyone teaching or learning to teach ballet in the Twenty First Century.
