Twenty to Make: Sugar Dogs McNaughton,2014

Sugar Dogs Frances McNaughton,2014 Frances McNaughton shows how to make adorable sugar dogs for cake decorating using sugarpaste and a few simple tools and techniques. First we learn about the materials and tools that are needed. Then it is straight on to making twenty popular breeds of dog including a border collie, dachshund, bichon rise, bassett hound, dalmatian, King Charles Spaniel, poodle, shitzu, St Bernard and yorkshire terrier. The models are all recognisable as particular breeds but with plenty of humour and character built in. The constituent parts of the animals are shown with the step by step instructions, and annotated for clarity, then each finished dog is pictured in all its splendour. Cake decorators will want to making these appealing pooches as cake toppers that dog lovers will adore.

The Discovery of Insulin Michael Bliss,2013-02-15 When insulin was discovered in the early 1920s, even jaded professionals marveled at how it brought starved, sometimes comatose diabetics back to life. In the twenty-fifth-anniversary edition of a classic, Michael Bliss unearths scientists' memoirs and confidential appraisals of insulin by members of the Nobel Committee. he also resolves a longstanding controversy about scientific collaboration at its most fractious and fascinating: who ultimately deserves credit for the discovery? Bliss's life-and-death saga illuminates one of the most important breakthroughs in the history of medicine.

From Needles to Natural Judy Morgan D.V.M.,2014-07-21 After using traditional Western veterinary medicine to treat her animal patients for many years, Dr. Judy Morgan discovered a better way to help them live longer, healthier lives. In *From Needles to Natural*, she shares her journey from traditional to holistic veterinary medicine and helps pet owners understand the differences between good advertising and good health for their animal friends. With more than thirty years of experience as a practicing veterinarian, Morgan blends her personal story as a lifelong animal lover with this collection of professional opinions about animals and animal care. *From Needles to Natural* covers a variety of topics including pet nutrition and food therapy, pet food labels, veterinary chiropractic care, acupuncture, and understanding the array of vaccines and medications. Morgan, who has produced a full webinar series on YouTube, discusses alternative and supplemental treatments for pet illnesses. While narrating heartwarming tales of the pets she's treated, Morgan dispels the myths about effective pet care and teaches pet owners the benefits of feeding and treating an animal holistically.
