**The Desire for Change, 2004-2007** Tom Frame, 2021-01-01 The Liberal-National Party Coalition was elected to office on 2 March 1996 and continued in power until 3 December 2007 making John Howard the second-longest serving Australian Prime Minister. This book is the final in a four-volume series examining the four Howard Governments. Contributors to each of these volumes are asked to focus critically on the Coalition's policies and performance to reveal the Howard Government's shortcomings and failures. The aim of each of these volumes is to be analytical rather than celebratory (although giving praise where due), to create an atmosphere of open and balanced inquiry, including among those who contributed to the history being examined while making the most of the passage of time - that is, writing with the benefit of hindsight. The fourth volume covers the period October 2004 to November 2007 and examines the Opposition leadership of Mark Latham, the Coalition's gaining control of the Senate, changes to the social welfare policy and provision, the advent of WorkChoices, the progress of Indigenous Reconciliation and the Northern Territory intervention, succession tensions between John Howard and Peter Costello, the 'Kevin 07' campaign, the election that saw the Coalition lose office and the Prime Minister his seat in parliament, and the longer-term legacies of the Howard years.

**Rage** Matthew Costello, 2011-08-30 An action-packed adventure based on the award-winning videogame from id

Software, the creators of DOOM® and QUAKE®, Rage follows one man's fight to save the future of humanity in a ravaged, post-apocalyptic world. The asteroid Apophis has annihilated Earth, and only a small percentage of humanity's best and brightest have been saved. Buried deep below the ground in life-sustaining Arks, these chosen few are tasked with one vital mission—to restore civilization to a devastated planet hundreds of years after the impact. When Lieutenant Nick Raine emerges from his Ark, he finds a future indistinguishable from nightmare. Humankind has not been entirely destroyed on the surface world, and a primitive new society has emerged in which life is nasty, brutish, and short. Mutants and bandits prey upon the weak, and a mysterious military group known as the Authority preys upon everyone. Worst of all, a would-be tyrant seeks to impose his will upon the shattered planet. Armed with nothing more than his combat training and survival instincts, Raine must rise to meet the challenges of the wasteland. From the Trade Paperback edition.

**G20 Governance for a Globalized World** John J. Kirton, 2016-04-15 This book offers the most thorough, detailed inside story of the preparation, negotiation, performance, and achievements of G20 gatherings from their start at the finance level in 1999 through their rise to become leader-level summits in response to the great global financial crisis in 2008. Follow the moves of America's George Bush and Barack Obama, Britain's Gordon Brown and David Cameron, Canada's Stephen Harper, Germany's Angela Merkel, and other key leaders as they struggle to contain the worst global recession since the Great Depression of the 1930s. This book provides a full chapter-long account of each of the first four G20 summits from Washington to Toronto with summaries of the ensuing summits. It uses international relations theory to build and apply a model of systemic hub governance to back its central claim to show convincingly that G20 performance has grown to successfully govern an increasingly interconnected, complex, crisis-ridden, globalized twenty-first century world.

*An Unwinnable War* Karen Middleton, 2011 A decade on from the 2001 terrorist attacks on the United States, Australians are embroiled in one of the nation's longest military conflict—the war in Afghanistan. *An Unwinnable War* charts the motives, ambitions and negotiations that carried Australia into Afghanistan: from the then Prime Minister John Howard's presence in Washington DC on September 11, 2001 to the 'transition' plan to hand security to Afghan forces - all played out in the wake of increasing casualties. Based on interviews with key political and military figures in Australia and abroad, *An Unwinnable War* lays bare the tensions between political and military decision-making, the nature and potency of the US alliance and the influence of individual personalities in charting Australia's course in what was once dubbed the 'good war'.

*Indigenous Research into Mainstream Australian Culture* Lorraine Muller, 2023-12-14 Informed by original ground-breaking research, this book “shifts the lens” of study, identifying how Indigenous Australian values and principles have influenced and contributed to an evolving non-Indigenous mainstream Australian culture. Based on the Indigenous principle of respect, Muller presents a solid research framework to break down the barriers of social differences in a culturally safe space. The text offers an insight into the cultural aspects of modern Australian society that contributed to its globally

acclaimed handling of the current coronavirus pandemic. During the preparation for dealing with the pandemic, Muller's research was validated as the world witnessed the Australian culture undergoing major change, shifting away from the original colonialist culture based on individuality and social stratification, to a community collective-based culture. It will be a valuable read for scholars in the area of community and allied health, humanities, social policy, social sciences and political studies. People seeking alternative lifestyles, a decolonised future and social change will also find this book useful. Doom 3: Worlds on Fire Matthew Costello, 2008-02-26 The year is 2144...and the battle over Earth's precious resources has raged for a century. With global economies in ruins and all-out world war more than a possibility, the U.S government turned to the Union Aerospace Corporation, giving it carte blanche on the legendary red planet of Mars in a desperate bid to construct an off-world outpost that might provide resources, a military advantage...as well as something so secret that even members of government don't have a clue about it.... Special Ops Marine Lieutenant John Kane was once a careerist simply glad to have a job, and couldn't care less about politics just as long as Uncle Sam's check cleared. But that was before he listened to his conscience and disobeyed a direct order. Busted down to private, Kane has been reassigned to the U.S. Space Marines -- the private army of the UAC -- with the prospect of becoming little more than a glorified security guard on Mars.... Now Lt. Kane's fate leads him to Mars City -- part environmental community, part lab center, and all owned and protected by the UAC. It's a strange world with a fatal environment, and the thousands who live and work within the city have already begun to think of themselves as Martians. And away from Mars City, at the strange ancient sites uncovered on the planet, a small squad of marines stand guard while scientists uncover wall glyphs and search for artifacts, having already found something that is so far amazing and inexplicable -- including the relic called U1, nicknamed the Soul Cube -- and unknown to all, the bringer of destructive chaos and unspeakable horror....

China's G20 Leadership John J. Kirton, 2016-06-10 Kirton offers a comprehensive, systematic examination of China's G20 approach, diplomacy and influence since the G20's start as a forum for finance ministers and central bankers in 1999. This comprehensive reference tool works its way through China's elevation to the leaders' level with summits from 2008-2014, to the prospects for its Antalya Summit in November 2014 and above all China's first summit as host in Hangzhou in the autumn of 2016. This book contains a full treatment of China's role in the summits from 2011 to 2014, and China's plans, role and prospects for the summits in 2015 and 2016. Analytically, it develops and tests at the level of a single member country

the systemic hub model of G20 governance that was developed for and guided in Kirton's 2013 book, G20 Governance for a Globalized World.

**Shitstorm** Lenore Taylor, David Uren, 2010 From respected journalists Lenore Taylor and David Uren comes the inside story of the Rudd government's darkest days in office. Its first term will be forever defined by the Global Financial Crisis, or - to use the Prime Minister's term - the 'shitstorm' that engulfed the nation and the world. Based on interviews with all the key players on both sides of politics, Shitstorm reveals just how close Australia came to disaster, what Kevin Rudd and his colleagues did to avoid it, and the serious mistakes they made along the way.

Cold Cold Heart John Leo Organ, 2020-09-24 Maybe you were there. Or you might be one of the many that, young and old, can't get enough of these true but fantasy-like life stories involving Strange Places, smiling Faces and Magical Times. Stories about the Sixties, bikers, the Beatles, soaring through High School, the Seventies, Rochdale College, JFK, the encroaching Counter Culture, Our era of pure sex, drugs and Rock 'n Roll, RFK, Woodstock, LSD, etcetera, etcetera... I am One of the Survivors of what Jerry Garcia referred to as 'a long strange trip'. We Baby Boomers were born with impeccable Timing; from Elvis to Elvis Costello. And beyond! This is my story of growing up in a Cosmic Time that was despised by the Older Generation and enamored by the Young Prophets of Spiritual Adventurism. To clarify; this was an extraordinary and audacious Time of peace, love and misunderstanding. My collaborating colleagues and I learned 'street smarts' in dark 'separate school' hallways of rigorous vicissitudes. Street smarts that prepared me for a career with the Attorney General in a Time that coincided with a Decade of Cocaine, fast women, bosomy beaches and Castles made of Sand. If You have a sense of humour and a flare for the Dramatic then follow these journeys and escapades of this Paperback Writer through a Time and Space that will never be forgotten or authentically duplicated. Read, relax, reload and Enjoy!

**East Timor Intervention** John Blaxland, 2015-09-01 Australia's involvement in the liberation of East Timor in 1999 was the most decisive demonstration of Australian influence in the region since World War II and the largest military contribution since the Vietnam War. Australian diplomacy and leadership shaped the events that led to the birth of Asia's newest nation. East Timor Intervention looks at the crisis through the prism of key participants and observers on the ground and abroad, including Indonesia's martial law commander Kiki Syahnakri defending his record, the country's first president Xanana Gusmão on the resolution and poise of Timor's resistance fighters, Australia's Chief of Defence Force Chris Barrie on cobbling the force together, commander of the International Force Peter Cosgrove on the operation, and key policy adviser Hugh White on Canberra's policy contortions in the lead-up to the intervention. This impressive collection includes significant new perspectives on Southeast Asian security affairs and the role Australia can play in regional security and stability.

The Oxford Handbook of Sovereign Wealth Funds Douglas Cumming, Geoffrey E. Wood, Igor Filatotchev, Juliane Reinecke, 2017 Sovereign Wealth Funds have become increasingly powerful and influential investors. Their increasing role,

and unusual character as both political and market actors, raise a number of issues with regard to finance, politics, regulation, and international business. This handbook draws together the growing but fragmented research on SWFs.

**The Rudd Government** Chris Aulich, Mark Evans, 2010-12-01 This edited collection examines Commonwealth administration under the leadership Prime Minister Kevin Rudd from 2007-2010. This was a remarkable period in Australian history: Rudd's government was elected in 2007 with an ambitious program for change. However, as the chapters in this book demonstrate, these ambitions were thwarted by a range of factors, not the least being Rudd's failure to press ahead when he confronted 'road blocks' such the ETS or managing his massive agenda which constantly elevated issues to 'first order priority'. Although he started his term with stratospheric approval ratings, only two years later his support had collapsed and on 24 July 2010 he became the first sitting Prime Minister to be removed by his own Party before the expiry of his first term. In this book, expert contributors consider the Rudd Government's policy, institutional and political legacy. The 14 chapters are organised into four sections, outlining the issues and agendas that guided Rudd's government, changes to the institutions of state such as the public service and parliament, followed by discussions of key issues and policies that marked Rudd's term in office. The final section examines Rudd's leadership and reflects on the personal foibles and political factors that brought his Prime Ministership undone. The Rudd Government has been produced by the ANZSOG Institute for Governance at the University of Canberra. It is the tenth in a series of books on successive Commonwealth administrations. Each volume has provided a chronicle and commentary of major events, policies and issues that have dominated successive administrations since 1983. As with previous volumes in the series, contributors have been drawn from a range of universities and other organisations.--Publisher's website.

**The China Factory** Mary Costello, 2015-05-21 An elderly schoolteacher recalls the single act of youthful passion that changed her life forever. In these twelve haunting stories award-winning writer Mary Costello examines the passions and perils of everyday life with startling insight, casting a light into the darkest corners of the human heart.

**The Rise of Right-Populism** Bligh Grant, Tod Moore, Tony Lynch, 2018-09-28 This book is framed by four over-arching narratives of inquiry. While all four are firmly anchored in Australia's political milieu - and as such are of considerable interest to a range of actors therein (scholars and students, the media, the political class) - they will also be of interest to a global audience. First, ideation. More specifically, what is the nature of populist politics in Australia, why does it consistently resonate with particular electoral demographics, what is the basis of its appeal over and above electoral cycles, and how should we position it in relation to more familiar concepts such as democracy, nationalism and progressive-conservative politics? Second, election. Despite the disparaging tone that the mainstream media can sometimes adopt when discussing electoral outcomes for right-populism and Hanson in particular, why does right-populism consistently resonate with

particular electoral demographics, characterized by various criteria – geographic, social class, gender? How does populism play out in electoral cycles, and how do mainstream political parties capitalize on it for political gain? Third, policy and politics. Much to the disappointment of many, right-populism in Australia generally and PHONP in particular has been influential in policy formulation across a range of domains. These include Indigenous policy and reconciliation, immigration and international relations, industry policy, and the politics of gender. Taking a broader perspective, how does the resurgence of right-populism in Australia today differ from two decades ago, and is the polity, generally speaking, shifting to the right? Fourth, Australia's right-populism from a comparative international perspective. More specifically, what are the similarities and differences between right-populism in Australia on the one hand and in Europe and the US on the other, and are we justified in concluding, however tentatively, that the rise of right-populism is similar across these polities?

**Storm and Sack** Gavin Daly, 2022-10-06 Explores British soldiers' violence and restraint towards enemy combatants and civilians in sieges during the Napoleonic era.
